Acknowledgment

The MAPP (Mobilizing for Action through Planning and Partnerships) of the Southern Kenai Peninsula (SKP) would like to thank the workgroup, Steering Committee and community residents who participated in the Community Health Needs Assessment Process.

This Community Health Needs Assessment was funded in part by MAPP of the Southern Kenai Peninsula, South Peninsula Hospital and a sub-grant award of the State of Alaska Healthy & Equitable Communities funds from the City of Homer.

Map of Southern Kenai Peninsula

The communities that make up the Southern Kenai Peninsula are illustrated in the map below, including Anchor Point, Diamond Ridge, Fox River, Fritz Creek, Halibut Cove, Happy Valley, Homer, Kachemak City, Kachemak Selo, Nanwalek, Nikolaevsk, Ninilchik, Port Graham, Razdolna, Seldovia¹ and Voznesenka.

Figure 1: Map of Southern Kenai Peninsula Communities, AK

¹ Seldovia City is not part of South Peninsula Hospital's service area.

Community Health Assessment Background

In 2008, South Peninsula Hospital initiated the first Community Health Needs Assessment (CHNA) using a framework developed by CDC and NACCHO called Mobilizing for Action through Planning and Partnership (MAPP). Out of this exercise, MAPP of the Southern Kenai Peninsula was formed, a local health coalition made up of numerous community partners actively working together to improve community health since 2008. A CHNA has been conducted every three years² to assess the health of the community in order to inform new and existing community and agency efforts. The CHNA process is composed of six phases and the following four assessments:

- I. Community Themes & Strengths Assessment
Qualitative input from community members to identify the issues they feel are important.
 - a. Perceptions of Community Health Survey
 - b. Wellness Dimension Focus Groups
- II. Community Health Status Assessment
Quantitative community health data (representing cultural, economic, educational, emotional, environmental, physical, social, and spiritual wellness) that identifies priority health and quality of life issues.
- III. Forces of Change Assessment
Identifying forces such as legislation, technology, and other impending changes that affect the context in which the community and its public health system operate.
- IV. Local Public Health Assessment
A prescribed performance assessment tool collaboratively developed by national public health partners that measures how well different local public health system partners work together to deliver the 10 Essential Public Health Services.

Figure 2: MAPP Framework Flowchart

Themes are identified from each sub-assessment and compared across all four sub-assessments, thus enabling a holistic review of our community strengths, needs, and opportunities. Using the combined results/observations from all four sub-assessments, a community process is used to prioritize the opportunities that community members will collaboratively address for the next few years. However, the results from specific sub-assessments can be used independently to inform organizational and community-level opportunities for improvement.

² All non-profit hospitals are required to conduct a CHNA every three years. These CHNAs were completed in 2009, 2013, 2016, 2020, and 2023. The 2020 assessment was a minimalized version.

In the summer of 2022, the MAPP Steering Committee learned of a new MAPP 2.0 framework being piloted but not yet available. They elected to move forward and use the MAPP 1.0 framework for the 2023 assessment, which appears in Figure 3 below.

Figure 3: MAPP 1.0 Framework

The following responses are results from the Community Themes and Strengths Assessment, which is composed of two separate parts. The **Wellness Dimensions Focus Group Discussions** were used to further refine strengths, challenges, and meaningful measures for each of the 8 Wellness Dimensions (cultural, economic, educational, emotional, environmental, physical, social, and spiritual wellness). The **Perceptions of Health Community Survey** was made available to gather community input on broad community health priorities. To view all assessments or additional MAPP of the Southern Kenai Peninsula information, please visit www.mappofskp.net. For additional questions, please contact Hannah Gustafson, MAPP of SKP Coordinator, at mappofskp@gmail.com or 907-317-2050.

Elizabeth Trowbridge, Coastal Studies

Methodology

The 2016 CHNA work group approved the adoption of the 8 Dimensions of Wellness (based on the dimensions defined by the Substance Abuse and Mental Health Services Administration (SAMHSA)). The Steering Committee approved the following definitions of wellness dimensions:

Cultural: Individual awareness of one’s own culture as well as understanding and respecting the diversity and richness of other cultures.

Economic: The ability to meet financial needs and adapt to unanticipated financial situations.

Educational: Recognition of creative abilities and the expansion of knowledge and skills.

Emotional: The ability to cope effectively with life and create personal enrichment through one’s work and relationships.

Environmental: A harmonious and sustainable relationship with immediate surroundings that expands to the natural world.

Physical: The ability to perform daily activities without undue fatigue or physical stress.

Social: A sense of connection, belonging, safety, and a reliable support system.

Spiritual: A sense of purpose and meaning in life.

A broad group of community members, representing at least one of the eight different wellness perspectives, were invited to attend the focus group discussions. The discussions occurred during a half-day event the afternoon of November 5, 2022.

Figure 4: 8 Dimensions of Wellness

The goals of the focus discussions were to:

- Support ongoing collaboration to accurately portray our community’s health
- Support awareness of how people and organizations participate in the bigger community health picture
- Brainstorm with other wellness representatives to prioritize meaningful wellness measures
- Refine our process of collecting community health status data to better portray a consolidated health picture
- Create a strong foundation for measuring organizational and community progress

Participants rotated to 3 of the 8 dimensions throughout the session. They were able to self-select the 3 dimensions they provided input on. Participants were asked to identify the following for their respective dimension in a group setting:

- Community strengths related to this dimension
- Community challenges related to this dimension

Upon completion of 3 rotations the dimension facilitator provided a summary report out of what was identified by the participants.

Participants then rotated back around to the 3 dimensions they provided input for identifying:

- The top 3 strengths
- The top 3 challenges

It is important to note that not all participants returned to the dimension to prioritize.

Results

In total, 30 community members participated in the November 5, 2023, Wellness Discussions. The number in parenthesis is the number of priority votes each received.

Table 1: Cultural Wellness Strengths and Challenges

Cultural Wellness: Individual awareness of one’s own culture as well as understanding and respecting the diversity and richness of other cultures.	
Cultural Wellness Strengths	Cultural Wellness Challenges
<ul style="list-style-type: none"> • Community rallies around needs (4) • Hard to live here so there is a sense of pride for being able to do it (challenges with seasons, expenses, driving) (3) • Subsistence living (3) • Local Facebook group that is the historical Homer site that focus on shared history (2) • Community cares for our own (2) • Local organizations do education on local history (1) • Maritime and shared maritime history (1) • Provide work opportunities for young people (1) • Outdoor activities and appreciation for trails, water, etc. (1) • Cultural events in Seldovia – summer camps to connect to village tribe culture • Native youth leadership program at the high school • Tribal communities have a strong cultural emphasis • Burning basket as expression of part of the culture • Pratt Museum draws on local heritage and is a way to connect to local history • NRA Fundraising relates to culture for a part of the community • High emphasis on environmental science and arts (art as a form of expression) • First Friday local artists are showcased at gallery 	<ul style="list-style-type: none"> • Don’t listen to one another as much as we should (3) • Community rec center for all ages is needed/there is no place for all to come together (2) • Cultural divide (political, social, spiritual) (2) • Discrimination/not same treatment for Russian and Native populations (2) • Older adults and loss of dignity (2) • Lack awareness of what goes on in the community (1) • Social isolation (1) • Cliques community – reluctance to expand/people are isolated and left out (1) • No easily identifiable culture for City of Homer (1) • Community is not very diverse (1) • Close knit community that takes a while to break into (1) • Bad crime which creates distrust (1) • Disconnected communities • Lack of infrastructure for things life giving/opportunities to engage in activities • Limited options for those who do not drink • Dating is tough in a small town • Need more outside presence here – not seeing as much of that as had in prior years • Do not talk about indigenous past • Lack of understanding for local culture – there is no chance to learn about it • Do not treat as a whole – there is a lack of services outside Homer

Cultural Wellness: Individual awareness of one’s own culture as well as understanding and respecting the diversity and richness of other cultures.	
Cultural Wellness Strengths	Cultural Wellness Challenges
<ul style="list-style-type: none"> • Appreciation for others – blending of Homesteaders and Hippies (more cultural acceptance) • Proud to grow up here (Homesteader mentality) • Drinking culture which is good for those who socialize • Support for local business 	<ul style="list-style-type: none"> • The older you get the more left behind you feel • We are judgmental/stigma around those who are Russian old believers, Natives or have mental health issues • Loss of bowling alley and arcade which had helped people feel as though they were part of the community • There is no cultural center

Table 2: Economic Wellness Strengths and Challenges

Economic Wellness: The ability to meet financial needs and adapt to unanticipated financial situations.	
Economic Wellness Strengths	Economic Wellness Challenges
<ul style="list-style-type: none"> • Local small businesses (6) • Willingness of nonprofit sector to work together/share resources (5) • Community is marketable (3) • Volunteers helping fund and support large projects (2) • A couple large employers fueling economy (2) • Goodwill and crowd funding (2) • Food pantry (2) • Involved Chamber working with local business (2) • Tourism (1) • In the summer there are many opportunities to make good money (1) • UAA and other resources less costly than others (1) • Education level higher than average • Financial advisors • PFD • Homer Bucks • Social service organizations are connected to direct those in need • Great charitable partnerships • Food assistance • Spaces for artists to make money • Educational opportunities available for professional training • Homer is self-sufficient • 9 star job training • Education is available for well-paying jobs, college, trade • Community members rally to help folks in crisis 	<ul style="list-style-type: none"> • Lack of affordable housing (6) • Lack of childcare (5) • Aging population – housing and service needs are different (3) • High rent (3) • Lack of public transportation (2) • Jobs in caregiving are very low paying, limiting seniors/those with disabilities from participating in economy (2) • Low paying jobs (1) • Air BnB (1) • High cost of goods (1) • Fixed incomes shrink economy (older population tax incentives) (1) • Economic burden on student debt (1) • Lack of home care providers (1) • No front door services for those needing help – food pantry is only 1 day a week • Our local public assistance office is not currently staffed • High turnover in support jobs • Navigating health care system for seniors • NIMBY – Not in my backyard • Need recovery treatment resources • Lack of apprenticeship opportunities • Drumming up financial support for services in other communities • Outdated perceptions of outlying communities • Large population on fixed incomes • Lack of understanding of what is available in other places

Economic Wellness: The ability to meet financial needs and adapt to unanticipated financial situations.	
Economic Wellness Strengths	Economic Wellness Challenges
<ul style="list-style-type: none"> • Creativity and diversity in local businesses (entrepreneurs) • Economic development district helps small business • Good support for artistic community • Between fishing, retail, public sector, there is a diverse array of employment opportunities • Community appeals to funders (state and federal grants) • Bigger businesses in smaller communities • Stable tax base, healthy sales tax revenue (city) (service areas) • Job opportunity – vacant jobs 	<ul style="list-style-type: none"> • People with mental disabilities need help (they are challenged and need something to do – too much time) • Jobs centralized – long commutes • Commercial fishing industry • Vacant jobs • Seasonality of jobs/income • Expensive to leave Homer • Seasonal opportunity flux • Jobs vs. workforce mismatch – skills and experience desired vs. what locals have to offer • Lack of estate planning education • Siloed communities (not aware of opportunities or connections) • High vehicle prices • Decentralized information sources • Healthcare service line splits Ninilchik in half • Lack of knowledge of resources • Housing bought as investments – no housing for locals • Perpetual rental vs. home ownership – can I ever afford to buy? • Local education offerings could be improved • Lack of assistive living beds • People (seniors) with high medical bills need help • Utility costs • Gas prices • Uninsured/underinsured • Healthcare is very expensive • Rent doesn't match income • Lack of year round housing

Table 3: Educational Wellness Strengths and Challenges

Educational Wellness: Recognition of creative abilities and the expansion of knowledge and skills	
Educational Wellness Strengths	Educational Wellness Challenges
<ul style="list-style-type: none"> • Community REC – ways to learn outside of school (6) • Writers' Conference (but costs money) (6) • Funding for community activities (new to people activities) 907 Veterans Charter Fishing (3) • Art – Creative Intelligence (opportunities for art learning) (3) • Good Wi-Fi library and other resources (info access) (2) 	<ul style="list-style-type: none"> • Polarization (6) • Stigma about invisible disabilities (6) • Afraid to ask what we don't know (6) • Limited dedicated space for out of school learning (3) • Some schools are less open to new philosophies (2) • Lack of awareness of specific groups' needs and contributions (2)

Educational Wellness: Recognition of creative abilities and the expansion of knowledge and skills	
Educational Wellness Strengths	Educational Wellness Challenges
<ul style="list-style-type: none"> • Library – opportunities for group learning (1) • Entry points for learning about different lived experiences (1) • Hospice of Homer Film Festival about age (1) • Fireweed/Forest Schools new ideas about education (1) • Curiosity vs. intellectual • Access to alternative medicine • Independent Living Disabilities Art Show – “We are able” • Destigmatizing Disabilities Film Festival • Human connection – Veterans Buddy program • People are moving beyond their comfort zone • High scholastic level 	<ul style="list-style-type: none"> • Not aware of abilities compared to disabilities (2) • Not appreciating differences - neurodiversity (1) • Don’t go deeper superficial connections – Veterans “Thank you for your service” (1) • Lack of awareness of multiple intelligences (1) • Misunderstanding of what different resources exist (1)

Table 4: Emotional Wellness Strengths and Challenges

Emotional Wellness: The ability to cope effectively with life and create personal enrichment through one’s work and relationships.	
Emotional Wellness Strengths	Emotional Wellness Challenges
<ul style="list-style-type: none"> • Willingness to build community (6) • Small community = better networking (4) • Human animal bonds (domestic and wild) (3) • Community connection (2) • Access to plenty of outside/physical activities (2) • Lovely setting and open spaces (2) • Us for us (1) • Volunteering (1) • T.I.C. (1) • Easier to connect • Annie Garay and community yoga • Facetiming friends and family in the lower 48 • Connections to nature • Sport fishing • Green dot • Resiliency coalition • Peer teaching/education/support • Arts/theater 	<ul style="list-style-type: none"> • Access for kids (5) • Mental health access (3) • Lack of mutual aid (3) • Lack of transportation (3) • Winter (2) • Increased professional access (2) • Stigma (1) • Youth in abusive settings – resources to escape (1) • Lack of safe spaces for queer folk (1) • Mental health – access developing males (1) • Need more peer support (1) • Education – SEL, mindfulness, bodily autonomy, self-advocacy (1) • Access to multiple hobbies (1) • Communicating advocacy/change/education opportunities (1) • Industry (fishing) creates stressful family dynamics (1) • Parental support for children/families coping with significant health/emotional issues • Professional access - backlogged/financial issues • Mental health needs not being met • Travel to get resources • T.I.C still not everywhere

Emotional Wellness: The ability to cope effectively with life and create personal enrichment through one's work and relationships.	
Emotional Wellness Strengths	Emotional Wellness Challenges
	<ul style="list-style-type: none"> • Mobile crisis response • Volunteer burnout • Climate change • Pet ownership limit support E.C. housing • Seasonal employment

Table 5: Environmental Wellness Strengths and Challenges

Environmental Wellness: A harmonious and sustainable relationship with immediate surroundings that expands to the natural world.	
Environmental Wellness Strengths	Environmental Wellness Challenges
<ul style="list-style-type: none"> • There are a variety of ways people can connect to the natural world (e.g. clean air, quiet, walk to work, fish) (5) • A healthy environment supports our local economy (4) • Kachemak Bay/Cook Inlet connects us to other coastal communities (2) • We have facilities and people that support community convening (2) • Easy access to many recreational opportunities (2) • Kachemak Bay/Cook Inlet connects us to all (1) • Increased healthcare facilities in outlying areas (1) • We have choices on built environments we inhabit (e.g. schools, churches) • Healthy maritime ecosystem • Geographical dispersion • Community infrastructure (e.g. water/sewer) in Homer • Our natural environment is something we are all connected to in some way, is a unifying characteristic 	<ul style="list-style-type: none"> • Habitat degradation resulting from population growth (3) • Lack of housing stock (3) • Built environment is not universally accessible (2) • Distance between agencies for people without transportation (2) • Emergency response access into homes can be a challenge (2) • Inequitable access to natural world/recreation (1) • Our interdependence with the natural world isn't well recognized (1) • Severe weather events are impacting our communities (e.g. hay shortage) (1) • Geographical dispersion creates health and safety challenges (1) • Climate change is impacting local ecosystem • Building relationships/connections between different spaces/places – there needs to be multiple entry points • Lack of transportation for people who don't have their own • Built environment if not pedestrian friendly • Lack of transitional facilities (e.g. veterans, seniors, treatment) • Housing stock doesn't meet needs of an aging demographic • Community infrastructure (e.g. sewer, water, broadband) in outlying areas

Table 6: Physical Wellness Strengths and Challenges

Physical Wellness: The ability to perform daily activities without undue fatigue or physical stress.	
Physical Wellness Strengths	Physical Wellness Challenges
<ul style="list-style-type: none"> Natural environment – easier in summer, more active lifestyle - walk/bike/hike, community rec center, SPARC, skiing terrain, rope tow, arts in the community, specialty at spit, workout facility options, youth program ski equipment, sports programs for youth (9) Youth programs – Sprout, Head Start, library programs, arts, sports, programs for youth (6) Men’s residential recovery – need more MAT (2) SPARC – nonprofit, wheelchair accessible, large safe space (1) Increased service form SVT/Ninilchik/Anchor Point/NTC too Neighborhood connections and support Multiple PT services Nature – environment, terrain, sports programs, community rec programs, arts, MAT, Sprout, Head Start, libraries Telehealth more access otherwise 	<ul style="list-style-type: none"> Lack of sidewalks and bike paths (8) The cost of outdoor recreation can be a limitation to accessing the environment during inclement weather, etc. (6) Aging challenges of living here (wood chopping, shoveling snow) (4) Lack of public transportation (3) Lack of elder care (3) Social anxiety in small town – lack of anonymity (2) Wait list for primary care (2) Cold and icy – unsafe to get outside (2) Conditions of bike path not ideal – not maintained (1) Isolation (1) Perception that can’t do it – knowledge of opportunities (1) Lack of volunteers Lack of childcare (1) Siloing – staying in your own lane – no coordination (1) COVID impact healthcare/wellness Lack of affordable, long term housing Physical classes geared toward elders Historical knowledge leaves community as elders leave Lack of nonskilled eldercare Recovery – focus on wellness – change mindset back to wellness Loss of primary care providers Affordability of healthcare Dogs on beach or neighborhoods with human – animal conflict Beginner activities - activities to reengage – hard to start Food insecurity – winter especially Lack of sunlight SKP is not very wheelchair accessible Lack of awareness for support groups Lack of space for preschoolers in programs – cost barrier for private Lack of activities for teenagers – late night, safe spaces

Physical Wellness: The ability to perform daily activities without undue fatigue or physical stress.	
Physical Wellness Strengths	Physical Wellness Challenges
	<ul style="list-style-type: none"> • Free play opportunities for youth • Harder in off season – winter • Accessibility – transport, equipment, cost • Transport cost for private facilities • Geography and travel, charter flights, access to larger communities • Services clearing house to help connect services • Telehealth – zero in person • Access to specialty wait list • Mental health/counseling resources • Wildlife – human interactions – negative, risk

Table 7: Social Wellness Strengths and Challenges

Social Wellness: A sense of connection, belonging, safety and a reliable support system.	
Social Wellness Strengths	Social Wellness Challenges
<ul style="list-style-type: none"> • Nature (3) • Small close knit personal community groups with like-minded values (3) • Friendly community (2) • Volunteerism as a culture (2) • Word of mouth in small community (2) • Geographic realities necessitate cooperation (1) • MAPP (1) • Overlapping community social web • Family connection and ties • Connection to neighbors even if you live out of town • Organizations – large variety • Lots of activities • Pet friendly community • Service oriented community 	<ul style="list-style-type: none"> • Social isolation status post pandemic (3) • Lack of funding for case managers to ensure folks are connected to resources (3) • Lack of childcare/capacity for childcare (2) • Social cliques (2) • Siloed communities (2) • Lack of indoor activities (1) • Winter (1) • Polarized opinions (1) • Visual community calendar – neutral information location (1) • Lack of capacity to bring long term change to set pattern of behavior (1) • Folks are looking for recovery (1) • Lack of leadership in recovery due to people moving, passing, etc. (1) • Back roads and trails not safe • Snowbirds - folks that leave for winter • Sober vs. non sober ways to be social – cultural norms with alcohol • Lack of established mentorship communication • Relying on technology as opposed to personal interaction • Elderly folks lack volunteers for social interaction • Lack of options for organized activities for teens • Generational and geographical cliques • Ingrained in how things were built and not very open to feedback and change – incorporate feedback channels

Social Wellness: A sense of connection, belonging, safety and a reliable support system.	
Social Wellness Strengths	Social Wellness Challenges
	<ul style="list-style-type: none"> • Lack of tools to overcome insecurities and trauma • How do you keep the connectivity going if someone moves • COVID created challenge to connect and participate in community activities • Organizational isolation • Ability (connection) to self-isolated groups • How do you hand down neighborhood culture to new folks

Table 8: Spiritual Wellness Strengths and Challenges

Spiritual Wellness: A sense of purpose and meaning in life.	
Spiritual Wellness Strengths	Spiritual Wellness Challenges
<ul style="list-style-type: none"> • Lots of avenues for people exploring spirituality/to seek spirituality (5) • Mindfulness activities (yoga) (5) • Land connectedness (3) • Lots of offerings for people seeking (2) • Higher power concept is unifying (2) • Unity in mourning and challenges (example Duffy, Drew) (2) • Room to explore spirituality that isn't mainstream (1) • Bible Institute (1) • Renewed desire to participate in community in person – real relationships (1) • Fireworks (1) • We do overcome tribalism (1) • Beauty of where we live promotes wellness for our spirituality • Unified community event with spiritual purpose • Spiritual culture/wellbeing feels supported • Lots of diversity – lots of support and avenues • Physical activities • Churches helping meet basic needs/community events • Re-engagement at a local level – flesh and blood relationships • Lots of resources (Many Rivers, SVT, SPARC) • Communal appreciation for nature 	<ul style="list-style-type: none"> • The need to be right (5) • Churches politicized (4) • Connecting resources and people and needs (4) • Meeting people where they are at regardless of beliefs – this doesn't have to be compromising your beliefs (3) • Sense of hopelessness worldwide (2) • Spirituality in community can feel competitive (2) • Hustle culture – we focus on surviving capitalism and don't have permission to focus on this aspect (2) • Stigma/judgement – big churches feels like people can fall through the cracks (2) • Redefining purpose after COVID (1) • Talking circles could be powerful (1) • There can be missions out of country but not meeting local needs (1) • VA Chaplain could share with churches on sharing/communicating with Vets (1) • Geographical separation • Post 2020 not as confident spiritually – confident in why I'm here (challenge and opportunity for growth) • Unity is wanted but can be a challenge • So many churches it feels like churches get lost- churches need to work together • Lack of money can affect lack of spiritual needs counseling/wellness/coach/mentorships • Need to learn how to embrace all people • Be more intentional with indigenous spiritual beliefs

Spiritual Wellness: A sense of purpose and meaning in life.	
Spiritual Wellness Strengths	Spiritual Wellness Challenges
	<ul style="list-style-type: none"> • Less listening happening, lack of tolerance • Tribal tendencies in communication – judgement based on spiritual home • Lack of trauma informed care is a barrier to taking care of spiritual needs • Social needs directly affect spiritual wellbeing • Limited jobs and resources can affect your sense of purpose • Maybe a varying opinion on “spirituality” and what that is and how it is understood by community • When basic needs are not met (housing/isolation/food) it is hard to have meaning for life • Lots of churches/separation • (VA Nurse) Chaplain would like to speak with vets – Chaplain would like to know how to engage with vets • Spiritual component for end of life (hospice) needed – elderly need cared for spiritually

Perceptions of Community Health Survey

Methodology

The CHNA workgroup reviewed questions from the prior Perceptions of Community Health Survey and revised questions for the 2023 iteration. COVID-19 questions as well as additional and modified demographic questions were included. To the extent possible the workgroup maintained a consistent set of questions to allow for comparison across CHNAs. The Perceptions of Community Health Survey can be found in Appendix A and the full data set in Appendix B. For this assessment, given the low population numbers, the communities of Fox River, Kachemak Selo, Razdolna and Voznesenka were clustered to create the Fox River Region. A total of 1,020 surveys were included in the assessment.

The survey was open for community response between August 2022 and February 2023. Surveys were completed during the following events and at the following locations: Rotary Health Fair, Fritz Creek General Store, Homer Community Food Pantry, Anchor Point VFW, Ninilchik State Fair, Ninilchik Elders Luncheon, and Anchor Point Holiday Craft Bazaar.

Paper copies were available with drop boxes at the following locations: West Wing, Ninilchik Community Clinic, KPC Kachemak Bay Campus, Homer United Methodist Church, Sprout, Kachemak Bay Family Planning Clinic, REC Room, Homer Medical Clinic, Family Care Clinic, Serene Waters, Functional Medicine Clinic, SVT Health and Wellness, South Peninsula Behavioral Health Services, Homer Senior Center, and Anchor Point Senior Center.

The survey link was shared through Facebook Posts, Homer News Ads, flyers around town and through Steering Committee members. In addition to these methods, South Peninsula Hospital shared the link with its employees.

Upon completion of the survey participants had the option to enter their name into a drawing for a chance to win prizes and incentives from local vendors.

To compile paper and online results, all paper surveys were entered into the online SurveyMonkey survey by volunteers at South Peninsula Hospital.

Historical data is included from prior Perceptions of Community Health surveys where applicable. The number of respondents may vary by question in the subsequent tables and charts as respondents did not provide a response to each question.

In addition to the Perceptions of Community Health Survey, to reach a broad range of community members, intercept surveys, focus groups, and stakeholder interviews were also conducted. Intercept surveys were a consolidated version of the Perceptions of Community Health Survey conducted by Strategy Solutions, Inc. at various community locations. Focus groups were designed to get input on strengths and needs within the community and were facilitated by Strategy Solutions as well as by members of the CHNA work group. Stakeholder interviews were one on one interviews conducted by Strategy Solutions to identify strengths and needs. The intercept survey can be found in Appendix C, with full data set in Appendix D, the focus group guide in Appendix E, and the stakeholder interview questions in Appendix F.

Focus Groups

A total of 9 focus groups were completed with 58 participants:

- July 22, 2022
 - SKP Resilience Coalition Leadership Team (7 participants)
- November 4, 2022
 - Recovery Community (2 groups) (14 participants)
- November 7, 2022
 - Food Pantry (6 participants)
 - Homer Senior Center (6 participants)
 - Homer Chamber of Commerce (5 participants)
 - REC Room (5 participants)
- December 10, 2022
 - United Women in Faith focus group (8 participants)
- January 16, 2023
 - Ninilchik Elder's Luncheon (2)
- February 24, 2023
 - Faith Based Group (5 participants)

Intercept Surveys

Intercept surveys were conducted at 11 locations with a total of 202 total respondents. Data was included for 201 surveys as one respondent did not live in SKP.

- July 22, 2022
 - Homer Public Library (12)
 - Wagon Wheel (12)
 - Anchor Point Senior Center Bingo (18)
- July 23, 2022
 - Homer Medical Center Sports Physicals (28)
 - Cole's Market (14)
 - Fritz Creek General Store (9)
 - Homer Landfill (9)
 - KBFPC Sip & Shuck Fundraiser (37)
- July 24, 2022
 - Church on the Rock (26)
 - Anchor Point Concert on the Green (23)
- July 25, 2022
 - Homer Food Pantry (14)

Stakeholder Interviews

A total of 7 stakeholder interviews were conducted.

- July 22, 2022
 - Public Health Department – Lorne Carrol, Cynthia West
- November 4, 2022
 - Jane Dunn, Choosing Our Roots
 - Tessa Sullivan, Director, HeadStart
 - Donna Adherhold, Homer City Council
- November 5, 2022
 - Dr. Paula Godfrey, SHP Emergency Department
- November 7, 2022
 - Kyle Darbonne, Principal, Fireweed Academy
 - Ken Castner, Mayor of Homer

Perceptions of Community Health Survey Demographics Compared to Southern Kenai Peninsula Demographics

The 2023 Perceptions of Community Health Survey was completed by a total of 1,020 residents from Southern Kenai Peninsula (SKP) representing 11 distinct communities. For this assessment, given the low population numbers, the communities of Fox River, Kachemak Selo, Razdolna and Voznesenka were clustered to create the Fox River Region.

The highest percentage of survey respondents were from Homer, which accounts for the largest population in the Southern Kenai Peninsula. Survey responses were close to the population in most communities.

Figure 5: Population by Community Compared to Survey Respondents

Source: Claritas Envirionics/US Census Bureau, Perception of Community Health Survey

No one under the age of 15 completed the Perception of Health Survey. The highest percentage of survey respondents were ages 25-54 which also accounts for the largest age group in the Southern Kenai Peninsula.

Figure 6: Southern Kenai Peninsula Population by Age Compared to Survey Respondents

Source: Claritas Environics/US Census Bureau, Perception of Community Health Survey

A higher percentage of females completed the Perceptions of Health Survey than males, while there is a higher percentage of males in the Southern Kenai Peninsula.

Figure 7: Southern Kenai Peninsula Population by Gender Compared to Survey Respondents

Source: Claritas Environics/US Census Bureau, Perception of Community Health Survey

The highest percentage of survey respondents were White, which is comparable to the overall population of the Southern Kenai Peninsula.

Figure 8: Southern Kenai Peninsula Population by Race Compared to Survey Respondents

Source: Claritas Environics/US Census Bureau, Perception of Community Health Survey

The highest percentage of Perception of Health survey respondents had a bachelor’s degree, while the highest percentage of residents in the Southern Kenai Peninsula have some college, but no degree.

Figure 9: Southern Kenai Peninsula Population by Educational Attainment Compared to Survey Respondents

Source: Claritas Environics/US Census Bureau, Perception of Community Health Survey

The household income of survey respondents aligned with that of the Southern Kenai Peninsula with the exception of those with incomes of \$100,000 or more, which were underrepresented in the survey.

Perceptions of Community Health Survey Feedback to Impact of COVID-19

Respondents were asked to indicate if any of the following areas were more challenging than normal during the COVID-19 pandemic. This was a check all that apply question.

Table 10: Challenges During COVID-19

Areas Impacted by COVID-19	2023 Perceptions Survey (1,020 responses)
Did not experience any challenges	22.1%
Job security (unemployed, fired or laid off, less work to do than before, less income, etc.)	20.2%
Access to medical care	18.9%
Paying bills (medical or other)	18.3%
Access to food (affordable groceries, getting SNAP benefits, feeding family or loved ones, etc.)	18.1%
Housing (paying rent, facing eviction, foreclosure, maintenance, etc.)	16.6%
Utilities (electric, gas, or water shut-offs or difficulty paying for them)	15.0%
Other	12.5%
Transportation (getting to places you need to go, riding public transit, driving a car, etc.)	11.1%
Affording other basic needs (not mentioned)	10.2%
Access to childcare	8.2%
Safety at home (abuse, interpersonal violence, family violence, or domestic violence)	3.0%

Source: Perception of Community Health Survey

Other challenges noted included:

- Isolation/time away from loved ones/loneliness
- Shortages of food and household items
- Access to 12-step meetings
- Access to businesses, services and activities
- Divide in community based on views of COVID and masking
- Anxiety being in public
- Balancing responsibilities (working from home while kids were doing remote learning)
- Stress created by pandemic
- Knowing what was factual
- Mental health issues
- Increased drinking
- Divorce
- Harassment
- Death/loss of loved ones
- Lack of space/privacy
- Uncertainty

Of those who responded to the question if they personally had tested positive for COVID-19 (N=821) or someone in their household had (N=816), over half personally tested positive (57.1%) or had someone in their household test positive (58.8%).

Figure 11: Tested Positive for COVID-19

Source: Perception of Community Health Survey

Approximately one third of survey respondents (34.2%) personally sought treatment for COVID-19 or had a household member who did. One in four respondents (25.4%) had trouble managing their health needs during the pandemic. One fifth (21.4%) of respondents either suffered lingering health problems related to COVID-19 or had loved ones who did.

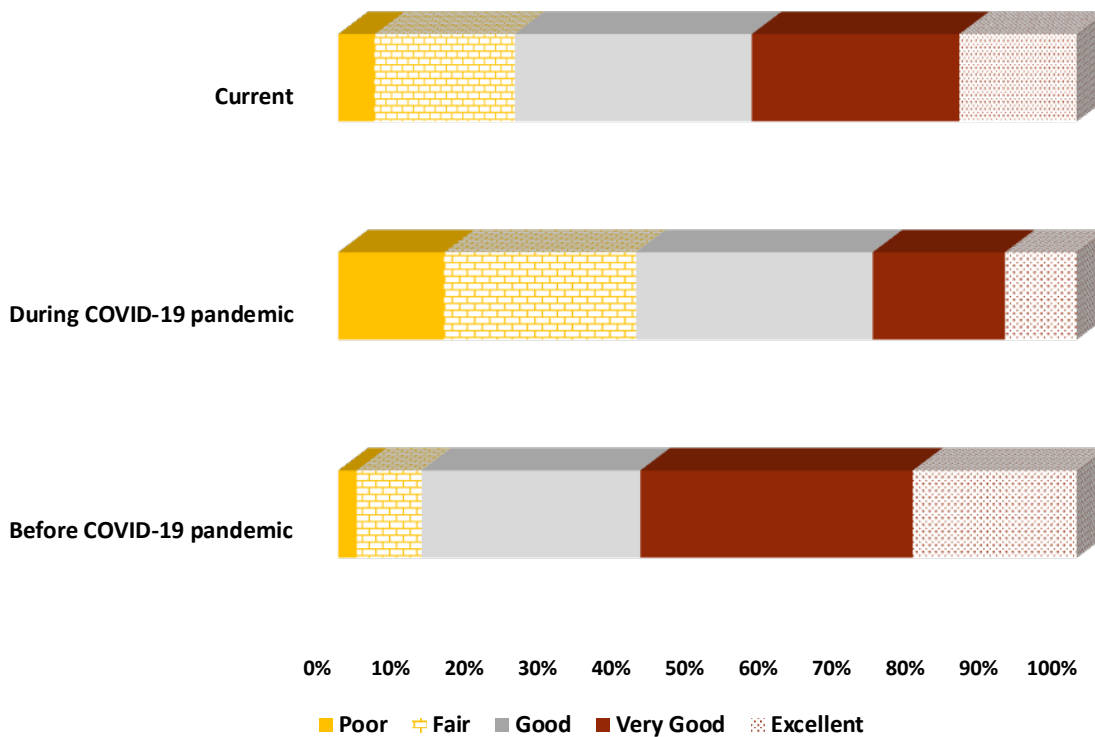

Figure 12: Impact of COVID-19

Source: Perception of Community Health Survey

During the COVID-19 pandemic there was an increase in respondents reporting their mental health as fair or poor in comparison to before the pandemic. Although not back to where it had been prior to COVID-19, there was an increase in those reporting current mental health as very good or excellent.

Figure 13: Impact of COVID-19 on Mental Health

Source: Perception of Community Health Survey

The following were some strategies used by community members during the pandemic:

- Online free offerings like yoga and meditation
- Outdoor activities (i.e., walking, hiking, biking, kayaking, fishing, gardening)
- Talking with family and friends/connecting via Zoom
- Counseling
- 12 step meetings
- Exercise
- Cooking
- Arts/Crafts
- Activities with pets
- Ate well
- Took vitamins
- Avoided crowds
- Virtual book clubs

- Prayer/Church
- Volunteered
- Ate or drank too much
- Reading
- Hobbies
- Continued to work and live life
- Netflix/watched tv/movies
- Projects

Perceptions of Community Health Survey Results and Historical Survey Results

Respondents were asked to identify the three aspects they felt were the community's greatest strengths. To maintain consistency with prior reports, the top five are reported. The five greatest community strengths identified were:

Table 11: Community Strengths, Historical Perspective

	2008 Perceptions Survey (831 responses)	2012 Perceptions Survey (1,171 responses)	2015 Perceptions Survey (680 responses)	2019/2020 Perceptions Survey (469 responses)	2023 Perceptions Survey (1,020 responses)

Focus Group Summary

A total of 56 community members participated in 8 focus groups. The following is a summary of what was shared by focus group participants.

What does a healthy community look like?

Focus group participants had varied views of what a healthy community looks like. For some it was a safe place to live, others focused on availability of services and basic needs, while others looked at employment opportunities and the ability to earn a decent wage. A few spoke of the need for a diverse community that is open and accepting of all.

Participants talked about the importance of living somewhere safe, where people can freely walk around without fear of being robbed or attacked. Others noted that there are people who are not equipped as adults to be part of society. These individuals do not know how to work or be part of society.

Several participants highlighted the importance of having a variety of available services to meet the needs of the community. This includes access to medical, which many felt is good in their community. Some shared that for a small community there are a lot of available resources and supports. Others spoke of the lack of resources locally, especially in outlying communities. Specifically, the need for faith-based counselors was noted. The lack of childcare was also noted. Participants shared that residents should be able to access available services without barriers. Those in recovery spoke of the need to have more and better access to services. Others spoke of the need for access to healthcare services, public education and a library system that are easily accessible and well utilized. Politics, a decent water supply, a police department with a good reputation, access to arts and culture and church were also noted.

Others shared that if these available services would work together and there would not be so many silos. It was also noted that a healthy community would promote family and have resources available for single parents as well as those in a relationship.

The availability of housing was also noted by several participants. They shared that this is challenging in their community given the increasing number of vacation rentals. Others noted that they are building 800 square foot cabins and charging close to \$1,500 a month which is not feasible given most renters' income. Participants shared that there are only two apartment complexes which accept Section 8. Some spoke of the impact the housing crisis is having on the workforce. A few mentioned that homelessness is a big problem in Homer.

Participants also shared that a healthy community provides residents with the opportunity to earn a living that supports their lifestyle. A community where jobs are available that provide decent wages. Many noted concerns over the number of places that are currently hiring as well as the number of low wage job opportunities.

Participants thought that a healthy community is diverse and accepting. It is made up of people from different backgrounds and groups. There should be access to open space where people can gather regardless of how much money they have. Many shared that people in the community have so many opportunities to try new things and participate in areas of interest.

Is the health of the community better, worse, or the same as it was three years ago?

Some shared that the community is pretty healthy from their perspective. They shared that there seem to be more services available. Others shared that in general it is a very active community. Most commented that the people they know are healthy. A few noted that support systems are stronger now and people are coming together which is positive. Others shared that they feel the medical and education programs are on par if not above.

Several shared that they felt the health of the community was worse because of the increase in alcohol and opioid deaths. A few shared that as a result of the pandemic people have relapsed and are drinking and using drugs. One shared that they asked a group of kids about this topic, and they shared that kids got better at hiding their using during the pandemic. Others noted that socially people have hunkered down so there is not much connection, especially among older adults. People are relying on virtual relationships rather than real relationships. A few noted it was worse for seniors because the activities that used to happen at the senior center were dropped and it has impacted their health. A few also noted the growing population which is impacting access as well as the impact tourism has on the community. The dangerous environment created by overcrowding on the Spit was also noted.

A few spoke of the political discourse and fact that leadership is very antagonistic. Participants shared that the messages are based on fears and lies that are repeated. They commented that this is an unhealthy process that creates anxiety and depression. Participants also note an increase in racism, bigotry and hate. Others shared that the political divide is growing which makes the community less healthy.

What are the health related issues facing our community?

Some shared that they felt their health needs are being met locally and they could not think of any issues. It was noted by one group that if you need major medical you have to be life flighted which they commented is expensive.

Others spoke of their own personal health and the length of time it has taken to get in with a specialist. Some mentioned burnout with providers, nurses and clinical teams, also noting a shortage of healthcare professionals. A few shared that they have had to travel to Anchorage to receive care. Some shared that asthma has increased in Western Alaska.

Participants also highlighted gaps for people seeking help for substance abuse. Others mentioned in general that alcohol is a big problem. There is no detox or withdrawal management available in the community and it is almost impossible to get an assessment. The closest place is in Soldotna, which is two hours away and difficult for people to get to. Money was identified as one of the biggest barriers to accessing treatment. Additionally, it was shared that there are not inpatient beds available in the community, which is a challenge when you have someone who is ready to get clean and sober. There is also no help for people who want to get off MAT. The perception is the medical community just prescribes medication and assumes someone will be on them forever. There are limited non-medicated recovery options. Those in recovery also shared that there are not many opportunities to socialize that do not involve alcohol. The need for peer support was also noted.

Others shared that those with active suicide attempts are sent to Mat-Su, where they are held for three days and sent home with no aftercare. They spoke of the need for systems improvement. It was also shared that there is no housing for kids who are struggling. Others commented that children under the age of 18 cannot get help without a parent signature so they are faced with death or suicide because they don't have an accountable

adult who can sign for them. One participant shared mental health as the number one priority noting that the ER in Homer is the landing spot for those struggling with mental health. People stay days in the hospital before they receive help.

Housing, transportation, food and childcare were also identified. Participants spoke of the challenges those without transportation have accessing services. Others mentioned the importance of nutrition. It was noted that youth are struggling to find social groups, safe spaces and safe adults. Many are looking for a place where they can be themselves and not be judged. There are no resources for those who are 18 and moving out so they are struggling. There are very few places for kids to go since the arcade and bowling alley shut down. Homeless youth without a place to go was also noted.

What barriers exist to accessing the services or what do you think would help make these services more accessible?

Transportation was identified as a barrier by several participants. They shared that you could ask a neighbor or take a cab, although they noted people may be hesitant to ask others for help and that a cab is expensive. A participant shared that there is financial assistance available for the cab, although some thought that was confusing. It was also noted that there is usually a long wait for a cab and that fewer cab services are available.

Some spoke of the expense involved in receiving care in Anchorage including gas and hotel costs. A few shared that hotels have stopped taking Medicaid vouchers, so those coming from across the Bay for medical care have to pay out of pocket to stay or decline treatment. The cost of care was also noted as a barrier. There are people walking away from care with a payment book. Others spoke of the difficulty navigating services and getting connected to available resources.

A few shared that there is a stigma around receiving assistance or using vouchers. Some shared that they have seen these people be turned away from available housing because there is the perception, they will not take care of the property. Others noted that it can be difficult to seek services in a small town because the counselor may be a friend of a friend or a family member or even a neighbor. The lack of professionals was also noted as a barrier, with services scheduling weeks out.

Others spoke of the lack of awareness of available services and that information needs to be advertised or posted to a central location. It was noted that some have recently done ads in the newspaper, social media and radio with little to no hits.

How and where do you feel like you belong here in your local community?

Participants spoke of the opportunities they have to help others and give back to the community. Others shared that they feel like there is a lot going on in the community right now, with several community collaborations. In general, participants share that the community works well together. Some spoke of their connection to charitable groups and nonprofits.

Some in recovery spoke of their 12-step group. Also shared that they are tied to arts, sports and music. Others talked about gaming online with friends. Some shared that their support group is parents of other kids who are working to ensure youth have the skills to form human connections. Others talked about connections through animals, church, clubs, the library or local restaurants.

Some shared in general there is a strong sense of community connection. It was also noted that as Homer has grown more things have been focused in town which can be challenging for those in outlying areas to access. Several shared examples of neighborhood gatherings and social events, while others shared that they have seen less neighborhood connections.

Others spoke of events and field trips that are available for youth. It was also noted that there is an openly queer photographer who does advocacy.

What else might help someone feel like they belong in this community?

One group shared that the community needs more secular programs for kids, like dance, karate or play groups. The need for more children's ministry programs for teens was also mentioned. This group also noted that there are a lot of young moms who are struggling and could benefit from something that connected them with other moms. The SPARC building was seen as a great community resource.

Others spoke of the need for community events and fun things that bring the community together. A few mentioned the Health Fair or Burning Basket. Others spoke of potlucks and other community events happening at local churches. Some mentioned the fact that there are several agencies that provide a huge service to the community and that people can help support those groups.

Another suggestion was having a community hub, where information was centralized. It could be a place for people to learn of existing resources, community events, and a place to disseminate information. It could be multipurpose and possibly have a coffee shop, host a farmers' market in the winter. Others shared it would be nice to have a large open venue where events could be held.

How can we make sure people have strong social connections and feel like they belong in our community?

One group suggested having more opportunities to volunteer, which would help people feel as though they were part of a group. Another suggestion was talking about the programs people volunteered for when coming to new communities. The group did note that there are some people who chose to isolate and are hard to reach.

What role can the SPH have to help create a healthy community?

A few shared concerns with the COVID-19 vaccination and the fact that they feel it is being pushed on individuals, and that several people have lost their job because they refused to get it.

Several shared that the hospital does a good job and has an auxiliary who oversees the gift shop. They shared that the auxiliary is very concerned about patient care and working to make sure patients have what they need. It was also noted that emergency room staff are always friendly, which is important in an emergency situation.

Some spoke of the need for more doctors, noting you can get seen quicker if you call 911 versus waiting weeks to get an appointment. Staffing was viewed as an important need to ensure a positive patient experience. A comment was made that there are some doctors who are not allowed to operate at the hospital due to politics. Another suggested the need for more access to reproductive health, especially for youth. It was also shared that the hospital needs a bigger role in the services for addiction, noting the lack of continuum of care.

It was shared that walking in being Christian they feel as though people want to shut down and that there needs to be more support. Others commended the hospital for its engagement in different community collaborations.

Some shared that there seems to be a reluctance to try new things or listen to new ideas. They shared that it could take months to get the go ahead to try something new. Others shared stories of how hospital staff have gone out of their way to meet the needs of a patient or their family.

What role can MAPP of SKP play to create a healthy community?

One group spoke of the challenges people face when receiving a diagnosis and discussing treatment options. They thought it would be helpful to have a takeaway for patients that talks about what treatment options are as well as listing next steps. Some suggested a patient navigator who could walk alongside the patient helping connect to resources, schedule appointments and advocate on behalf of the patient.

Some talked about the need to help create community connections around needs such as transportation. Others identified the need to help share information in a streamlined manner. Communication in general was frequently noted.

Share one priority issue/need you would like to see addressed

Participants highlighted the need for a patient navigator who could walk alongside a patient during their care. Others spoke of the need for more mental health support such as group therapy, child therapy and trauma therapy. Many noted that there are currently long wait lists for what is available. A few spoke of the need for faith-based counselors. They noted that as the stigma of mental health goes away there are more people of faith seeking services who are hesitant to see someone who is not Christian. Others spoke of the shortage of professionals in general. The need for psycho-educational training and stigma reduction were also mentioned. Several mentioned the need for a detox facility.

Some identified the need for someone that could assist others in learning life skills and equipping them to be successful in daily life. A few suggested the need for a community calendar to let people know about events and opportunities. Another comment was that the hospital and health organizations should be vocal about the needs of the LGBTQ+ community and specifically market to these individuals.

The need for housing, transportation and childcare were also mentioned, noting these are particularly challenging for young families. Interest rates and costs were seen as barriers to housing. Others noted in general that there is a housing crisis that needs to be addressed. A few mentioned homelessness. Transportation was viewed as a barrier to people accessing needed services. It was also noted that information would be easier to get if transportation was available. Others spoke of the need for sober living houses and detox facilities. One group mentioned the need for safe needle exchange and commented on the number of needles they find in the community. Others talked about the need for better coordination and responsiveness of services when people need help.

Stakeholder Interview Summary

Top 3 Community Health Needs

Several stakeholders identified the need for affordable year-round housing. Some noted that housing costs increased during the pandemic and that is not unique to the community, as it is a national trend. A few noted that housing is available for 9 months out of the year and then individuals are kicked out in the summer so it can become a short-term rental for more than monthly rent. The overall increase in short term rentals like Airbnb and VRBO were noted by many stakeholders. Others spoke of the impact housing has on the workforce, noting that there is an influx of seasonal workers. It was noted that there are places building military style barracks for their workforce housing. A few mentioned that there is not a hostel or shelter in the area.

The need for safe and healthy recreational opportunities year-round was also mentioned by a few of the stakeholders. They spoke of the need for dedicated multi-use community space or community center. Others commented that there is not a safe after school place for kids to go. Another noted the need for a fun place with both indoor and outdoor areas for both children and adults to go.

The need for safe streets was also identified by stakeholders. They spoke of the need for safe routes for kids to walk or bike to school, noting that many schools are on major roads with unsafe crossroads and no sidewalks. Others spoke of the aging population who has mobility issues, and the lack of sidewalks is challenging. Another mentioned the need for better trails.

Substance use was a need identified by several stakeholders. They spoke of the level of substance use and misuse within the community. It was noted that Alaska ranks higher in opioid use and deaths in comparison with the other states. Stakeholders noted the lack of local services highlighting the fact that there is only one MAT provider and a few substance use counselors. They did share that there are some private pay counselors for those who can afford it. A few shared that people often end up in the Emergency Department to detox and then are sent home. If they experience severe withdrawal symptoms they are admitted, but the community does not have a place after medical detox. The need for adolescent services was also mentioned.

Several stakeholders spoke of challenges with access to care, staffing shortages and care coordination. It was noted that there are not enough Primary Care Providers available in the community, so people end up in the Emergency Department for primary care. There is also no one acting as a care navigator to help manage care after leaving an acute setting. The challenge with transporting people back and forth to appointments was also noted.

Stakeholders mentioned the aging population and the lack of senior services. It was noted that it is almost impossible for seniors to get into assisted or skilled living, because they do not exist. There are limited options to discharge seniors to when leaving the Emergency Department. The growing number of seniors locating in the community to retire was noted as a concern because the community lacks the needed services.

A few stakeholders mentioned cancer among the top community needs. They shared that the incidence of cancer is lower in Alaska, but the mortality rate is higher compared to the nation, noting it is diagnosed in late stage. Some suggested that this is an opportunity for cancer prevention. One noted that you need to go to the Mayo Clinic in Seattle to receive care.

A few spoke of Social Determinants of Health. It was noted that this is something the hospital is interested in to decrease expenses and improve health outcomes. The city is also working on a comprehensive plan which will

help people live longer and better. The Tribal Government and Tribal communities are doing a lot around access to food and healthcare. It was mentioned that there is a local food hub that connects local growers to local consumers. Food insecurity was also mentioned, noting that when the roads are out the grocery stores only have enough to support the community for three days. Stakeholders also spoke of the lack of public transportation and the challenges for those in outlying areas.

Mental health was also identified as a community need by several stakeholders. They spoke of the lack of services and challenges organizations have being short staffed. It was noted that there is only one clinic that accepts Medicaid, most are not accepting new patients and that there is no overnight mental health crisis service. One did note that South Peninsula Behavioral Health does crisis work, but they are short staffed.

A few spoke of the needs of the LGBTQIA community. It was noted that there are no options for those under the age of 18. Some shared that teens often find themselves in an abusive home after they come out and that they are often pushed out, disowned or made to feel unwelcome in their own home. One shared a statistic that one in four queer youth attempt suicide. The lack of resources to support this population was noted. In particular, there is a lack of gender affirming safe places or care for queer youth, with the closest resource in Anchorage. The need for mental health support was also identified.

Human trafficking was a community need identified by a small number of stakeholders. They shared that Alaska has the highest rates of human trafficking. The fact that young people do not have a safe place to go was noted as many end up in a shelter in Anchorage which puts them in a vulnerable position to be preyed on.

Support for youth was identified as a need by several stakeholders. They spoke of the need for youth to have opportunities for engagement outside of school. Transportation was identified as a barrier for those living outside of town as there is no bus for activities which makes it difficult for them to participate in after-school activities which can lead to isolation and impacts mental health. The lack of childcare was frequently mentioned, which impacts the ability of parents to be able to work. It was also noted that there are limited healthcare options, and that the community does not have a pediatrician. Others spoke of the mental health challenges youth are experiencing and the lack of support services with long wait times. A few mentioned hunger and the impact that has on children's behaviors and ability to learn.

Existing Initiatives

Stakeholders spoke of some of the existing initiatives they are aware of related to housing. Some commented on the fact that employers are purchasing or building housing for their seasonal employees. It was noted that the college wants to build dorms. Several shared that there are efforts to try to limit short term housing and change the code to add year-round housing.

With regards to basic needs, it was noted that the hospital will send individuals home with care packages to ensure they have enough food. They can also provide a blanket or clothing if someone is in need, as these are often donated items.

Stakeholders shared that there is great healthcare for kids offering a full spectrum of services. The forensic program was viewed as being pediatric friendly. There is also hospice and a home care program. The community does Stop the Bleed. Others shared that EMS are paid volunteers who are fabulous. Project Homeless Connect was mentioned as something that offers health checks, flu shots, and puts all resources in one place for those experiencing homelessness. Several highlighted the Rotary Health Fair noting it brings all services together for the community to access.

What More Needs Done

Stakeholders were asked what more needs to be done to address the needs of the community. With regards to housing, it was noted that the City is looking at the zoning codes and creating a comprehensive plan. There is a block of land that is not developed which is zoned to be developed a certain way that would create housing and business in a downtown like development that would be a walkable community. The need for shelters was mentioned, noting the closest is two hours away. The challenges with short term rentals taking away from regular housing was mentioned by several stakeholders. Some suggested the need for more incentives for landlords to do year-round housing or training to create better agreements with tenants. In general, the need for training for both landlords and tenants around understanding their rights and responsibilities was mentioned. The need for a transitional living center for people ages 18-24 was also noted.

The need for public transportation was also identified. The hospital shared that people often leave in the middle of the night and want a cab voucher, but they do not have them. The hospital will provide a non-emergent ambulance if they are not ambulatory, but it is rare.

It was noted that it would be helpful to have a resource book that could be handed out to patients, so they are aware of other services in the community.

One mentioned the need for additional resources for injury prevention. It was shared that abuse in the Native population is exponentially higher so Alaska in general has more issues, although it is relatively small in Homer.

It was noted that the community lacks hospice, end of life and palliative care. What is available is great, but stakeholders wish it was more robust. There is interest in having the services available outside of the hospital. The need to get and retain nurses and staff was also identified.

Some suggested the need to make the community welcoming, perhaps new residents could go to the Chamber and get a welcome packet. Something to help connect to community and feel like they are a part of it, which would help retain them.

Health literacy was mentioned noting that there is a lot of misinformation out there. Even educated people are struggling. They note that health literacy is different than education.

The need to ensure Tribal voices are represented was also shared.

Some spoke of the economy and the fact that there are a lot of option positions right now. That people are spending less so less money is being recirculated. They also noted that several businesses closed during the pandemic.

Specific to youth stakeholders identified the need for mental health, childcare, support for those with special needs and something to address drugs around schools.

Role of South Peninsula Hospital, Homer Public Health, Medical Provider or Local Coalition

The following were shared as the role local health groups and coalitions can play in addressing the identified needs. A few talked about the impact the lack of housing is having on the workforce. Others noted in general anything that would help improve the health of the community. A few shared that MAPP is involved with the plan to create non-motorized transportation around Homer as well as recreational opportunities. Others talked about bringing community together and providing a way for the community to share stories and identify what they see as community needs. One noted it would be great for the hospital to open up its own childcare

program that would be available to the community. Another stakeholder mentioned the need for advocacy around a Title 1 Preschool at the Elementary School.

Priority to Address Over Next Three Years

The following were identified as priorities to focus on over the next three years:

- Helping with the implementation of the non-motorized transportation plan and comprehensive plan
- Affordable housing
- Childcare
- After school youth programs
- More funding for early childhood
- More trauma informed practices
- Access to food
 - Food distribution for kids/summer meal programs for kids

Appendix A: Perception of Community Health Survey

SKP MAPP Perception of Health 2022

Since 2008, our hospital has been working together with other entities within the MAPP coalition to improve community health. Every three years, we take a pulse of the community's health perceptions to inform existing and new hospital and community efforts. Please take a few minutes to tell us what's important to you.

As a thank you, upon completion you will be redirected to an entry form to be entered into a drawing to receive a prize as a thank you. Information provided on the entry form is not linked to your survey results and will only be used for purposes of the drawing.

Thank you!

* 1. Which THREE aspects below are our community's greatest strengths?

* 6. During the COVID-19 pandemic were any of these more challenging for you than normal?
Please check all that apply.

- | | |
|---------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> Housing (paying rent, facing eviction, foreclosure, maintenance, etc.) | <input type="checkbox"/> Access to medical care |
| <input type="checkbox"/> Job security (unemployed, fired or laid off, less work to do than before, less income, etc.) | <input type="checkbox"/> Safety at home (abuse, interpersonal violence, family violence, or domestic violence) |
| <input type="checkbox"/> Transportation (getting to places you need to go, riding public transit, driving a car, etc.) | <input type="checkbox"/> Access to childcare |
| <input type="checkbox"/> Access to food (affordable groceries, getting SNAP benefits, feeding family or loved ones, etc.) | <input type="checkbox"/> Affording other basic needs (not mentioned) |
| <input type="checkbox"/> Utilities (electric, gas, or water shut-offs or difficulty paying for them) | <input type="checkbox"/> Did not experience any challenges |
| <input type="checkbox"/> Paying bills (medical or other) | <input type="checkbox"/> I prefer not to answer |
| <input type="checkbox"/> Other (please specify) | |

7. What other challenges did you or your family face during the COVID-19 pandemic?

SKP MAPP Perception of Health 2022

* 8. Please answer the following related to the COVID-19 pandemic:

	Yes	No	I prefer not to answer
Did you test positive for COVID-19 at any time during the pandemic?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Did someone in your household test positive for COVID-19?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Did you or someone in your household seek treatment for COVID-19?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Are you or a loved one suffering from lingering health problems related to COVID-19?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Did you experience unexpected loss of a loved one due to COVID-19?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

* 9. Did you have any trouble managing any health needs during the COVID-19 pandemic?

Yes (please explain below) No I prefer not to answer

10. If yes, please explain:

SKP MAPP Perception of Health 2022

* 11. Please rate the following:

	Excellent	Very Good	Good	Fair	Poor	I prefer not to answer
Your mental health <u>before</u> the COVID-19 pandemic	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your mental health <u>during</u> the COVID-19 pandemic	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your mental health <u>now</u>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

* 12. At any time during the COVID-19 pandemic, did you have serious thoughts about ending your life or of hurting yourself in some way?

Yes No I prefer not to answer

13. What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

SKP MAPP Perception of Health 2022

The following questions are being asked to ensure we have equal representation in our survey respondents.

* 14. In what community do you live?

- | | | |
|----------------------------------------------|-------------------------------------|-----------------------------------|
| <input type="radio"/> Anchor Point | <input type="radio"/> Kachemak City | <input type="radio"/> Port Graham |
| <input type="radio"/> Diamond Ridge | <input type="radio"/> Kachemak Selo | <input type="radio"/> Razdolna |
| <input type="radio"/> Fox River | <input type="radio"/> Nanwalek | <input type="radio"/> Seldovia |
| <input type="radio"/> Fritz Creek | <input type="radio"/> Nikolaevsk | <input type="radio"/> Voznesenska |
| <input type="radio"/> Homer | <input type="radio"/> Ninilchik | |
| <input type="radio"/> Other (please specify) | | |

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
<p>I found it hard to book appointments, or get certain services entirely. Healthcare workers were spread thin, giving priority to critical patients, having sickness or loss in their own lives, or due to personal voluntary behaviors to avoid vaccinations/ infection. It has become difficult to decipher "fake news" from reliable information, and unclear where to access transparent sources of information that are easily understood. When mistakes are made, such as at the pharmacy or hospital, that put patients at risk, or affect their quality of life, it seems like the pandemic has been some what of an excuse. This is a reoccurring problem with no accountability. Electronic/ paper record keeping issues. Not receiving full records and receiving other patients records. Incorrect Medicaid billing. If Medicaid denies a claim according to their own internal policies and requirements, the referring physician can dispute the denial with a peer-to-peer review. The AMA says peer-to-peer review should be available at any point following an adverse PA determination. Since the pandemic, I've had to face so many denials, and the referring physician almost never does a peer-to-peer review. I am also nervous to go to appointments because I don't want to get sick.</p>	1	.1	.1	70.4

Lack of support due to not seeing family and friends, temporary feeling of loss of community	1	.1	.1	77.6
lay off and no unemployment options	1	.1	.1	77.7
Limited activities	1	.1	.1	77.8
Living in fear and not as much social interactions	1	.1	.1	77.9

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Living in Seldovia, access to competent, judgement-free medical care was nearly impossible. SVT, on the whole, does not believe that COVID is a real and dangerous illness, and so did not offer services that would have helped many in our community. Testing at the height of the pandemic was limited to patients; plus, you had to make an appointment to be seen by a provider to get a test. Appointments cost money. And people were being charged for both appointments and tests. Accessing tests outside of Seldovia was cost-prohibitive for most Seldovians-not to mention a public health risk when considering spreading illness. Lastly, because of the small population here, COVID data was suppressed, making it difficult to make informed choices regarding risk. COVID data stopped being reported altogether about a year ago.	1	.1	.1	78.0
LOCKED UP COULDNT LIVE. WAS BASICALLY UNDER HOUSE ARREST	1	.1	.1	78.1
Loneliness	2	.2	.2	78.3
Loneliness, not enough casual staff to cover. Political differences difficult to fathom, but definitely problematic for many.	1	.1	.1	78.4
Long Covid	1	.1	.1	78.5
Longer hours at work. Child home schooling	1	.1	.1	78.6

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
loss of business and ultimately selling our home/business to pay bills	1	.1	.1	78.7
Loss of community gatherings	1	.1	.1	78.8
Loss of work	1	.1	.1	78.9
LOSS OF WORK/INCOME, LESS ACCESS TO SUPPORT SYSTEMS	1	.1	.1	79.0
Lost a loved one to Covid, which caused emotional challenges.	1	.1	.1	79.1
Mainly isolation	1	.1	.1	79.2
Maintaining friendships	1	.1	.1	79.3
Managing physical and mental health during the pandemic due to being separated from loved ones	1	.1	.1	79.4
Managing stressful pandemic related jobs and differing opinions on COVID pandemic between family members.	1	.1	.1	79.5
Mandates seemed excessive, especially when we weren't permitted to visit a loved one living in Friendship Terrace. Also the travesty of not being with her when she died there alone.	1	.1	.1	79.6
Many would like to move on. My life, my choice, masks have disabled some thinking on some peoples parts	1	.1	.1	79.7
Mask mandates left to employees to enforce	1	.1	.1	79.8
medical	1	.1	.1	79.9
Medical expenses. Job using all saved PTO, so now can not visit home.	1	.1	.1	80.0

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Medical was the only challenge. I almost died because of lack of mental health care. I was prescribed drugs that said could be monitored any day, but they lied.	1	.1	.1	80.1
Mental & emotional stress, separation from extended family	1	.1	.1	80.2
Mental and emotional trauma. Experienced great fear and uncertainty. Lake of connection or stimulation. Lack of exercise and vitamin D and fresh air. Spiritual connection suffered	1	.1	.1	80.3
mental burn-out	1	.1	.1	80.4
Mental health	2	.2	.2	80.6
Mental health challenges	1	.1	.1	80.7
Mental health challenges largely stemming from science deniers worsening an already difficult public health situation through their unwillingness to take even basic prevention measures in order to reduce the morbidity and mortality experienced by our community.	1	.1	.1	80.8
Mental health due to Quarantine	1	.1	.1	80.9
mental health for the kids and family.	1	.1	.1	81.0
Mental health issues	1	.1	.1	81.1
Mental health issues associated with isolation and managing risk	1	.1	.1	81.2
Mental health issues with my children and family stress mask vs no masks	1	.1	.1	81.3
mental health obstacles	1	.1	.1	81.4
mental health support	1	.1	.1	81.5

What other challenges did you or your family face during the COVID-19 pandemic?

The lack of willingness/need to return to work for local business	1	.1	.1	96.6
The mental health impacts of prolonged isolation.	1	.1	.1	96.7

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
The pandemic has upended the lives of families across the country. Parents and caregivers are working to protect their own health and well-being and that of their children. Many are doing so to juggle new or different job responsibilities, while millions of others are struggling to meet the large financial needs of their families after being laid off or having their hours reduced. For parents of school-age children, whether or how often their children can attend school is complicated.	1	.1	.1	96.8
There are so many challenges that we face during the pandemic, income issues, unemployment issues, children learning issues	1	.1	.1	96.9
There will be a bit of pressure on families' living expenses and sources during the COVID-19 period	1	.1	.1	97.0
This destroyed the social connection between people and communities in our country	1	.1	.1	97.1

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
<p>Time wasted on closures, jobs down the tubes, grocery shelves empty, people binge shopping, inaccurate information on COVID, the vaccine's being used to push a agenda of fear and unhealthy use of masks that obviously don't work, health issues because of wearing masks, the unnecessary push of vaccines for children and the treatment of people who became covid positive and if not vaccinated, treated like a sub-human, keeping their families from seeing them before they died. All because of a global agenda to make our health dictated by foreigners, making us one big global family and losing the freedom to decide for themselves what is good, or not, for their bodies. People being fired if they don't want the vaccine. That's just the beginning. Drug companies making tons of money on this and hospitals receiving \$\$\$ from the government to push the drug company's "new" drug and-pharmacies refusing to fill prescriptions of Ivermectin. To al the people who died or received those vaccines having adverse life changing effects on their bodies, I pray God provides some solace in knowing that this will be brought to the attention of someone or somebody far more powerful than the everyday, ordinary citizen.</p>	1	.1	.1	97.2

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Too many businesses were shut down, and/or making requirements of public	1	.1	.1	97.3
Took on too many side gigs.	1	.1	.1	97.4
trapped in lower 48 with Covid	1	.1	.1	97.5
TRAVEL THROUGH CANADA, MILITARY MOVING	1	.1	.1	97.5
Traveling due to other countries being Covid-scared towards "unvaxxed".	1	.1	.1	97.6
unable to grieve losses with others who share the losses	1	.1	.1	97.7
Unable to travel.	1	.1	.1	97.8
Uncertainty	1	.1	.1	97.9
uncertainty regarding the force of vaccination from employer	1	.1	.1	98.0
Uncertainty with the unknowns of the pandemic.	1	.1	.1	98.1
Unforgivable violation of Nuremberg Code requiring accountability	1	.1	.1	98.2
Unnecessary closures, restrictions, travel restrictions, lack of treatment options, masks	1	.1	.1	98.3
Unprocessed trauma from isolation. A partner that was deemed "essential" so worked 10+ hours a day, 6 days a week resulting in 100% of caregiving, domestic labor and homeschooling fell on my shoulders. Exhausting.	1	.1	.1	98.4
visiting friends and family; limited travel	1	.1	.1	98.5

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Watching my fellow man succumb to fear and misinformation. So sad.	1	.1	.1	98.6
We all coped very well	1	.1	.1	98.7
We deeply missed going to church and connecting with the community face-to-face	1	.1	.1	98.8
We don't have enough supplies for COVID-19, and we have a very high infection rate outdoors.	1	.1	.1	98.9
We have young children and during the height of the pandemic, we were pretty conservative about isolating so I think our children suffered a bit from not being around their peers enough.	1	.1	.1	99.0
We lost a lot of money from our tourist business bc people weren't traveling	1	.1	.1	99.1
We were very lucky to be able to transition.	1	.1	.1	99.2
We will face the challenge of economic hardship	1	.1	.1	99.3
Wearing a mask was challenging for me.	1	.1	.1	99.4
weight gain	1	.1	.1	99.5
Weirdly, COVID-19 was a much-needed reset for my family. Remote school was a major challenge with work, but we found a way to do it (at a significant monthly cost for the instructor we hired for education and childcare -pre school and elementary aged kids). Other than that, it was good to refocus our energy and SLOW DOWN.	1	.1	.1	99.6

Getting appointments at the start of the pandemic was difficult unless it was an emergency	1	.1	.1	87.1
Had 2 unplanned surgeries and follow up appointments and care were challenging	1	.1	.1	87.2
had long covid	1	.1	.1	87.3
Had my knee replaced in Anchorage Jan. 8, 2020 Covid made it hard to travel to Anchorage for follow ups.	1	.1	.1	87.4

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
Had to find online/teledoc format to locate a physician who would prescribe HCQ and Ivermectin. Local physicians were banned from prescribing medicines that were proven to work. Once we got the prescription, the pharmacy had issues filling them as the govt commandeered to distribution or stopping distribution of life saving medicine. Adding to that was the outrageous cost.	1	.1	.1	87.5
Had to wait for care, couldn't be seen for services.	1	.1	.1	87.5
had trouble getting dr appointment	1	.1	.1	87.6
hard to access some care	1	.1	.1	87.7
Hard to get into places	1	.1	.1	87.8
Hate that our hospital boosted about making millions from Covid-19 shows what their main abjection was.	1	.1	.1	87.9
HAVE COPD CAN'T BREATHE WITH AMASK AND I COULD NOT GO PLACES	1	.1	.1	88.0
Haven't been to the dentist or gyno	1	.1	.1	88.1
Health care workers have been so busy since the COVID-19 pandemic that many community health care services have fallen behind.	1	.1	.1	88.2
Hearing difficulty with Zoom and teleconference calls	1	.1	.1	88.3
Hesitant to do anything unnecessary	1	.1	.1	88.4
High hospital census as a consequence causing delays in treatment.	1	.1	.1	88.5

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
Horrible medical care from a hospital that did not know me personally, infection went into my brain causing me to act suspicious, was then treated as a problem patient and was discharged without fixing the problem. Had I been allowed visitors my husband could have explained that something was very wrong because I'm usually not a weird oh.	1	.1	.1	88.6
Hospitals were stressed, nurses were stressed, it was an unfortunate time for health care.	1	.1	.1	88.7
Husband in cancer treatment	1	.1	.1	88.8
I covered for fellow employees that didn't vaccinate, then got sick and either died or lost a family member. Shifting responsibility at work to me, because I was well.	1	.1	.1	88.9
I did not seek medical care because of the overwhelmed medical system.	1	.1	.1	89.0
I don't have enough protective and disinfecting supplies.	1	.1	.1	89.1
I had a surgery that left me vulnerable and i ended up getting a covid a second time	1	.1	.1	89.2
I had major surgery and was alone due to restrictions	1	.1	.1	89.3
I HAVE A CONTINUING COUGH USING OTC DRUGS	1	.1	.1	89.4

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
I have had problems with chest pressure and shortness of breath since I got my Covid vaccines. Doctors chalk it up to being Costochondritis but I've never had that before getting vaccinated. The vaccine was required for me to keep my job.	1	.1	.1	89.5
I have loved ones who were vaccine injured and one friend who died from the vaccine	1	.1	.1	89.6
I still haven't made time to get a dental cleaning. I just put off preventative care because it was even more inconvenient than usual.	1	.1	.1	89.7
I strongly believe I had a sinus infection, and would not be treated to antibiotics for it because of having COVID	1	.1	.1	89.8
I suffered an injury just prior to the pandemic, and my physical therapy was cut short because of it.	1	.1	.1	89.9
I was able to have telemed appointments with several health care providers, but I avoided completing some medical tests which were ordered, because I didn't want to expose myself to possible Covid infection at the hospital or clinics.	1	.1	.1	90.0
I was denied covid treatment	1	.1	.1	90.1
I was having gynecological issues which caused me to become severely anemic; I needed surgery to resolve it but I had to wait due to lack of availability for "non-emergent" procedures	1	.1	.1	90.2

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
I was very ill, living by myself. Was told to go to ED multiples times by health care professionals but was afraid of the cost.	1	.1	.1	90.3
I was walking every day!	1	.1	.1	90.4
IT BECAME DIFFICULT TO SCEDULE REGULAR APPOINTMENTS WHEN THE HOSPITAL WAS OVERWHELMED WITH COVID PATIENTS	1	.1	.1	90.5
It was difficult to get a prescription for Paxlovid right away. I had to call clinic several time for them to agree to an appointment within 5 days of onset.	1	.1	.1	90.6
It wasn't worth going to see the doctor with all the mandates in place. I just put off all my medical needs and lived with the consequences. Thankful I had no dire emergencies.	1	.1	.1	90.7
It's still a pandemic!!!!!!! My phone number was given to a covid nurse from the drs office. She called me two days later and hung up in the middle of our conversation, I had no way to call her back	1	.1	.1	90.8
Just basic check ups and appointments were on hold.. unaddressed health issues I' m very much paying for now	1	.1	.1	90.9
lack of access to healthcare	1	.1	.1	91.0
Local clinic was resistant to mandates and prevailing evidence in support of them	1	.1	.1	91.1
Long lines for healthcare-long time	1	.1	.1	91.2

If yes, please explain:

Mental health.	1	.1	.1	92.5

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
<p>My autistic child has not had OT services since covid 19. My dad died in anchorage from covid, traveling to anchorage to support my mom made me stop going to my own medical appts like PT. Severe grief, sudden onset of anxiety and depression have been my state of experience since. It's hard to meet my needs, it's harder to care for my families on going needs. My partner is what they call the long covid and continues to have more Healthcare needs. Now we have to travel to see specialists and Medicaid of course is a Hassle. I'm considering leaving Homer because of these types of issues. When we first moved here 5 years ago we were so impressed with medical options not being wait listed like anchorage. Now I am constantly frustrated with the lack of humanity in the systems Here. The food bank offers half rotten food to those of us already struggling, I watched a man get mistreated by a police officer this week at safeway. He communicated he had PTSD and needed his case manager and the officer disregarded his request and wrestled him to the ground with extreme unnecessary force. I went to see a casemanger at the center myself to get help applying for social security disability and she told me I seemed fine and should focus my application on my physical issues instead of mental health. These situations were all with in 2 weeks. Not to mention the ridiculous interactions we have had by going to the ER 5x the last month to try and get my partner diagnosed. Because she's still dealing with issues from covid. I am not the type of person whom sees the negative for</p>	1	.1	.1	92.6

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
My child didn't want to wear a mask and anger. Husband did not seek physical therapy appointment because of mask policy. Both never got covid ever with no vaccine.	1	.1	.1	92.7
My husband broke his humerus in AZ. They would not do anything to help him in 4 months time but put a splint on it. We came back to Homer within 2 weeks he was in Anchorage having surgery , putting a pin in it and on the road to recovery.	1	.1	.1	92.8
My husband had surgery in Washington and the access and visitation was much harder to navigate	1	.1	.1	92.9
My husband not being allowed to be with me at doctor's appointments and surgeries.	1	.1	.1	93.0
MY MUCH-NEEDED SURGERY WHICH WAS TREATED AS NON-ESSENTIAL WAS POSTPONED BECAUSE OF COVID.	1	.1	.1	93.1
Needed health services but didn't want to go inside places during the pandemic	1	.1	.1	93.2
Needed to take a lot of extra precautions being pregnant during the pandemic. Routine doctors visits were stressful and the protocols didn't allow for my family to be present for support.	1	.1	.1	93.3
No access to women's wellness exam	1	.1	.1	93.4
Non	1	.1	.1	93.5

During the pandemic, my family and I minimized our outings and bought a lot of supplies.	1	.1	.1	58.3
eating and drinking	1	.1	.1	58.4
Eating and drinking too much.	1	.1	.1	58.5
eating healthy, doing weights, exercise helped 100% reading, walking, running, masking being smart and safe, avoiding crowds	1	.1	.1	58.6
Emotional support from those within my "bubble", access to online food/groceries ordering. As a retiree, I did not have the stress of worrying about employment/financial issues. I had easy access to outdoor activities and tv streaming!	1	.1	.1	58.7
ENJOYED A SLOWED DOWN SCHEDULE AND STAYING HOME	1	.1	.1	58.8
enjoyed being around people less	1	.1	.1	58.9
Enjoyed time off!	1	.1	.1	59.0
Entrepreneurial ideas, close small group of friends	1	.1	.1	59.1
Escape from people	1	.1	.1	59.2
Excercise	1	.1	.1	59.3
Exercise a lot outdoors	1	.1	.1	59.4
exercise and daily meditation apps	1	.1	.1	59.5
Exercise and herbs	1	.1	.1	59.6
exercise and rest	1	.1	.1	59.7
Exercise, games, sleep	1	.1	.1	59.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Exercise, gathering with community	1	.1	.1	59.9
exercise, learning new things, friend, small groups	1	.1	.1	60.0
Exercise, stopping negative thoughts, and controlling anxiety before it was out of control.	1	.1	.1	60.1
Exercise, time out in nature, time with close family, FaceTime with family	1	.1	.1	60.2
exercise, yoga, daily meditation	1	.1	.1	60.3
extreme personal responsibility	1	.1	.1	60.4
Face Time Zoom Someone doing grocery shopping	1	.1	.1	60.5
FaceTime, cooking and gardening	1	.1	.1	60.6
FaceTime, texts with friends, therapy, work, going outside	1	.1	.1	60.7
Faith	1	.1	.1	60.8
Faith in God and surrounded by family. We ignored the advice to quarantine.	1	.1	.1	60.9
Faith. Trust in The lord. HE IS Faithful & True Prayer. Church family providing for each other's needs.	1	.1	.1	61.0
family	1	.1	.1	61.1
Family	4	.4	.4	61.5
FAMILY	1	.1	.1	61.6
Family & Food	1	.1	.1	61.7
Family activities/ employment support/ connecting with family	1	.1	.1	61.8
Family and friends	1	.1	.1	61.9

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Family and friends, that's all you need. Quit pushing that everyone needs mental health thur the medical system	1	.1	.1	62.0
Family and great work place support.	1	.1	.1	62.1
Family and health care staff support.	1	.1	.1	62.2
Family connection. Spousal support.	1	.1	.1	62.3
Family including pets, friends	1	.1	.1	62.4
family members did our shopping; we took walks, avoided crowds of any kind; met outside or side by side cars for chats with friends and family	1	.1	.1	62.5
Family picked up food for us.	1	.1	.1	62.5
family support	1	.1	.1	62.6
Family time	1	.1	.1	62.7
family time, Worship, Prayer	1	.1	.1	62.8
Family, education	1	.1	.1	62.9
Family, friend, religious relationships & got busy (through volunteering with religious entities and through the hospital) - trying to actively make a difference in other community member's lives that were made more difficult than usual by this pandemic.	1	.1	.1	63.0
Family, friends, medication, therapy	1	.1	.1	63.1
Fished	1	.1	.1	63.2
fitness	1	.1	.1	63.3
Focus on family	1	.1	.1	63.4
FOCUSED ON HOUSE PROJECTS	1	.1	.1	63.5

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Food, cannabis, and video games	1	.1	.1	63.6
Food... lots and lots of food	1	.1	.1	63.7
Fortunate enough that I was able to keep my job and stick to semi-normal schedule and life	1	.1	.1	63.8
friends	2	.2	.2	64.0
Friends	1	.1	.1	64.1
Friends and Doctors, Family to reach out to for help	1	.1	.1	64.2
Friends and family	2	.2	.2	64.4
friends and family...making contact even though distanced lots of outdoor recreationyion	1	.1	.1	64.5
Friends, being of service, healthy food, cooking	1	.1	.1	64.6
friends, being outside	1	.1	.1	64.7
friends, exercise	1	.1	.1	64.8
friends, family games and programs	1	.1	.1	64.9
Friends/family/walking outside	1	.1	.1	65.0
Funny movies-staying connected via facebook	1	.1	.1	65.1
GARDEN	1	.1	.1	65.2
Get outside and walked.	1	.1	.1	65.3
getting out in nature daily	1	.1	.1	65.4
Getting outdoors and walking or cross country skiing	1	.1	.1	65.5
Getting outdoors for physical exercise everyday.	1	.1	.1	65.6
Getting outside	1	.1	.1	65.7
Getting outside was hands down the best thing I could do. I exercised or adventured with my family and that was actually a wonderful side effect of the pandemic.	1	.1	.1	65.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
getting outside, connecting virtually with long distance family and friends	1	.1	.1	65.9
Getting together with other like-minded people.	1	.1	.1	66.0
Go hiking / walking. Reach out to others by phone	1	.1	.1	66.1
GO ON WALKS, GET OUTSIDE	1	.1	.1	66.2
Going for walks and bike rides, enjoying my spouse, enjoying my family when possible, talking to distant family on the phone	1	.1	.1	66.3
Going on walks/getting outdoors	1	.1	.1	66.4
Got a dog, drew a lot, read, called and texted friends and relatives	1	.1	.1	66.5
got into new hobbies	1	.1	.1	66.6
got more exercise, read more	1	.1	.1	66.7
Got outside. Didn't dwell on illness	1	.1	.1	66.8
got vaccinated and took all precautions to stay well, both physically and mentally	1	.1	.1	66.9
Government aid, Medicaid, savings, benefits	1	.1	.1	67.0
GRANDKIDS	1	.1	.1	67.1
grant from Alaska housing, unemployment, therapy	1	.1	.1	67.2
Gratitude Social network	1	.1	.1	67.3
Grind	1	.1	.1	67.4
Hang in there	1	.1	.1	67.5
Have a wonderful support system of friends/family. Had a baby during the pandemic and felt cared for. Also, clung to my faith in Jesus.	1	.1	.1	67.5
hiking	1	.1	.1	67.6
Hobbies	1	.1	.1	67.7

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Hobbies at home	1	.1	.1	67.8
HOBBIES, CAMPING	1	.1	.1	67.9
Hobby crafting	1	.1	.1	68.0
Honestly, I drank too much, ate too much, and slept all the time. Normal/healthy coping skills that I typically use went out the window because I was so severely depressed that I did not have the energy or ability to engage in my typical routine.	1	.1	.1	68.1
Hope that it would end soon	1	.1	.1	68.2
I began running. Lost 70 lbs and began eating better. I chose healthy coping strategies	1	.1	.1	68.3
I continue as usual only when in public wore a mask and safe distance . Just didn't eat out at all but ordered brought home .	1	.1	.1	68.4
I did art	1	.1	.1	68.5
I did not need any	1	.1	.1	68.6
I dont have time for self care	1	.1	.1	68.7
i drank, so i didn't	1	.1	.1	68.8
I had a remote job and I worked long hours -- the job involved Covid support. I was able to save some money and that's how I'm getting by now.	1	.1	.1	68.9
I had a supportive relationship with my spouse. The extended family got together outside and masked when the weather permitted	1	.1	.1	69.0
I HAD ENOUGHSENSE TO KNOW ITS FAKE	1	.1	.1	69.1

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I have garden and dogs and goats and a close partner. Keeping in touch with family. Reading and crafting.	1	.1	.1	69.2
I just work... and look on the people that needed me, and told myself that this is just one of the challenges in life that I needed to face and go through	1	.1	.1	69.3
I kept living as normally as possible and avoided people who were freaking out such as those who wore masks outside or wouldn't leave their homes.	1	.1	.1	69.4
I leaned on my family and friends for support. Hateful things were being said about folks who were unvaccinated in our work environments which made it very uncomfortable to be at work. More than once I heard people say "Well good, they can just die then." It was hard to know my coworkers would say such things regardless of what another person was choosing for themselves. Life is about choices, period. We have way to many much hate and anger in this world. As an empathetic person, it was hard to hear things like that. It definitely made it a struggle to come to work because I do have coworkers who were both vaccinated and unvaccinated and would never wish ill will towards ANY of them.	1	.1	.1	69.5
I let go!	1	.1	.1	69.6
I prefer not to answer	1	.1	.1	69.7

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I prefer not to say but they probably weren't the healthiest was to cope	1	.1	.1	69.8
I relied more on my partner and a small circle of family/friends for social connection. We socialized outdoors, as long as the weather was warm enough. We talked on the phone or face timed more. We learned to zoom for classes, talks, and meetings. We made/used masks. I made homemade hand sanitizer, studied and made Covid specific herbal tinctures with a friend, and focused on healthy living.	1	.1	.1	69.9
I tried to keep myself busy at home.	1	.1	.1	70.0
I TURNED OFF THE TV AND TALK RADIO.	1	.1	.1	70.1
I used my cell phone to connect with loved ones. I didn't talk about things that led to debates	1	.1	.1	70.2
I used telehealth for mental health counseling for a several months.	1	.1	.1	70.3
I was walking every day!	1	.1	.1	70.4
I went out and helped people with covid 19	1	.1	.1	70.5
I went to work, and used door dash alot.	1	.1	.1	70.6
I worked and resilience through stupidity in my healthcare field and observed fear in people. Yes I witnessed death of people and human suffering and all types reactions	1	.1	.1	70.7
I worked.	1	.1	.1	70.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I zoomed with a counselor and Church Family and my family	1	.1	.1	70.9
I'm in the Homer Chamber Visitor Cetner and we had a partnership with SPH. Including having the first drive through testing clinic if needed	1	.1	.1	71.0
I've never had it as bad as my grandparents and parents! Shame prevents me from harming myself	1	.1	.1	71.1
lbprofun	1	.1	.1	71.2
increased conversations by phone and video chatting	1	.1	.1	71.3
Increased outdoor exercise, walking with friends	1	.1	.1	71.4
increased working out, hiking/walking the dog, x country skiing with no one around; reliance on face-timing with distant family and friends; Resources: heavy reliance on sources to keep updated with what was new with pandemic (also one cause of burn-out)	1	.1	.1	71.5
Interacting with family and friends via Facetime/Skype/etc.	1	.1	.1	71.6
Internet and zoom	1	.1	.1	71.7
Internet entertainment, outdoor activities, cooking.	1	.1	.1	71.8
Internet, telephone, learning a language, reading.	1	.1	.1	71.9
It was lonely, still not fully socially engaged.	1	.1	.1	72.0
it was no big deal	1	.1	.1	72.1
Job yoga family movement nature	1	.1	.1	72.2
Just faith and family	1	.1	.1	72.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
JUST GO ALONG	1	.1	.1	72.4
Just kept trying to do my own thing on my own path	1	.1	.1	72.5
just live normal except with a mask on	1	.1	.1	72.5
Just stay busy-try to keep my house warm	1	.1	.1	72.6
Just trying to stay positive and show up to work every day to help my patients & make money to support my family. thank	1	.1	.1	72.7
KBBI radio, cooking, work	1	.1	.1	72.8
keep to myself, sleep and get a cat and dog	1	.1	.1	72.9
keeping busy	1	.1	.1	73.0
KEEPING HEALTHY, PRAYER, CHURCH, WORK	1	.1	.1	73.1
Keeping in touch with family	1	.1	.1	73.2
kept busy	2	.2	.2	73.4
Kept busy by baking and crafting	1	.1	.1	73.5
Leaned into my friend group and family members	1	.1	.1	73.6
Leaned on family and friends.	1	.1	.1	73.7
Learning about the Marxist colonization of cultural institutions and the abuse of children by the woke Marxists for subverting our nation with their hate-based intersectionalist oppressed vs oppressor dynamic	1	.1	.1	73.8
Learning to enjoy nature and solitude (more)	1	.1	.1	73.9
Limitation of social interaction.	1	.1	.1	74.0
Listening to music; talking with family and friends on the phone/social media.	1	.1	.1	74.1

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
LIVED LIFE FEARLESSLY	1	.1	.1	74.2
Lived rural and stayed home	1	.1	.1	74.3
Local Healthcare, work from home	1	.1	.1	74.4
Local medical facilities	1	.1	.1	74.5
Lots of outdoor exercise, meeting with friends outdoors	1	.1	.1	74.6
Lots of outdoor time and exercise	1	.1	.1	74.7
Lots of outside time, family games and food and drinks	1	.1	.1	74.8
LOts of phone calls and ZOOM calls.	1	.1	.1	74.9
Lots of phone calls with family and friends.	1	.1	.1	75.0
lots of sleep.	1	.1	.1	75.1
Lots of time outside working and connecting with nature and my body. Getting offline!!!!	1	.1	.1	75.2
Lots of video chats with friends and family far away.	1	.1	.1	75.3
Lots of walks on the beaches and trails, exercise. Talking to friends.	1	.1	.1	75.4
Lots of zoom	1	.1	.1	75.5
Many of the reserves have been hollowed out.	1	.1	.1	75.6
Mask wearing.	1	.1	.1	75.7
Masking, distancing, staying out of stores, getting vaccines and boosters.	1	.1	.1	75.8
masks, avoid large crowds, try hard to be safe	1	.1	.1	75.9
Medical Insurance	1	.1	.1	76.0
Meditation	1	.1	.1	76.1
Meditation making time for family creativity	1	.1	.1	76.2
Meditation, Family	1	.1	.1	76.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
MEDITATION, MY FAMILY	1	.1	.1	76.4
Meditation, walks, breathing, learning how to have better mental health	1	.1	.1	76.5
monthly therapy	1	.1	.1	76.6
More close family time	1	.1	.1	76.7
More time with friends and family, virtual meet ups, exercise	1	.1	.1	76.8
Much of the stockpile has been tapped since the COVID-19 pandemic.	3	.3	.3	77.1

partnership, building my home, starting a new job	1	.1	.1	83.7
personal relationships/outdoors + natural beauty	1	.1	.1	83.8
Phone calls with friends/ swimming	1	.1	.1	83.9
physical activity, family, outdoor time	1	.1	.1	84.0

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Physical activity, reading, drinking wine, talking w/friends, cooking, helping elderly community	1	.1	.1	84.1
Physical Isolation, nuclear family/close friend support system/social circle, vaccines, public health recommended prevention measures (mask/social distancing/etc).	1	.1	.1	84.2
Pleading with utilities and landlord to give more time to pay since every time there was a potential infection, my work made me take off several days with no pay. And I used the food bank a few times.	1	.1	.1	84.3
Positive Attitude	1	.1	.1	84.4
Practicing gratitude, getting outside, sifting perspective to be thankful for the time with family, finding other ways to connect with friends such as sending letters and drawings	1	.1	.1	84.5
Prayer	1	.1	.1	84.6
Prayer and serving my community.	1	.1	.1	84.7
Prayer for wisdom and trust in my own research and self care.	1	.1	.1	84.8
Prayer, zoom, NA, AA, Church	1	.1	.1	84.9
Praying for those who pushed this and praying for the people that died, especially the disabled and elderly, who lost their battle, but nice they went "productive" citizens, don't worry, it's no loss, well...except to their families.	1	.1	.1	85.0
projects	1	.1	.1	85.1

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Projects work for self as contraction, educate online	1	.1	.1	85.2
Rational thinking, in other words, I thought for myself, gathered my own information and consulted with people I trusted to come up with a plan for me and my family that we felt good and strongly about! The news sources were absolutely no help! So much conflicting information and so much fear paralyzed so many people. We continued to take vitamins, breathe fresh air and love each other! We did great!	1	.1	.1	85.3
Reached out to friends and families via internet and phone	1	.1	.1	85.4
Reaching out to people through letters, emails, and online communities, spending as much time as possible outside	1	.1	.1	85.5
read books, watched tv. exercised lots.	1	.1	.1	85.6
Read many books	1	.1	.1	85.7
read, walked, cooked learned something new	1	.1	.1	85.8
Reading, exercise, talking w/friends, long drives, camping	1	.1	.1	85.9
Reading, staying in touch with others, being outdoors	1	.1	.1	86.0
Reading, T.V., visiting friends/family on phone	1	.1	.1	86.1
RECREATIONAL ACTIVITIES	1	.1	.1	86.2
regular exercise, healthy diet, mindfulness activities, outdoor activities, texting friends/family	1	.1	.1	86.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
relationships with friends/family, outdoor recreation	1	.1	.1	86.4
Relied on family and work	1	.1	.1	86.5
reminding myself that it was only temporary	1	.1	.1	86.6
SAME AS ALWAYS	1	.1	.1	86.7
sdfger	1	.1	.1	86.8
SEEING FRIENDS IN MY CIRCLE AND SPENDING TIME OUTSIDE	1	.1	.1	86.9

spirituality, dogs, time outside	1	.1	.1	89.4
Started counseling and medication.	1	.1	.1	89.5
started exercising, tried to spend more time with family and less hours at work, started reading for pleasure more, stopped taking work home (no email on phone at home)	1	.1	.1	89.6
Stay busy and involved	1	.1	.1	89.7
STAY BUSY, TREATING COVID WITH SINUS IRRIGATIONS, HOT BATH	1	.1	.1	89.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Stay healthy, follow standard precautions, reduce travel, do projects at home	1	.1	.1	89.9
Stay home	1	.1	.1	90.0
Stay in virtual contact with loved ones through video chat, phone calls, text messages, social media, apps and email. Usually daily exercise and exercise keep the body active. Maintain a regular sleep pattern and stick to a routine that provides structure to your life. Practice stress management techniques such as mindfulness, meditation, yoga and controlled breathing.	1	.1	.1	90.1
STAY NORMAL AS POSSIBLE	1	.1	.1	90.2
Stay put, enjoyed peace, strengthen economy through rescue grants	1	.1	.1	90.3
stayed away from people	1	.1	.1	90.4
stayed home	1	.1	.1	90.5
Stayed in family circle and used masks	1	.1	.1	90.6
Staying active	1	.1	.1	90.7
staying connected with spouse. Connecting with extended family frequently. Participating in church routinely online.	1	.1	.1	90.8
Staying connected with work family and friends. Getting outdoors in the summer: fishing, camping, backpacking, etc.	1	.1	.1	90.9
staying home	1	.1	.1	91.0
Staying in touch with Friends and family, Small group hikes,	1	.1	.1	91.1
Staying in touch, art	1	.1	.1	91.2

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Staying strong as a family and enjoying life together !	1	.1	.1	91.3
Strong primary relationship and family relationships-FaceTime, phone calls. Lots of outdoor time. Breaks from the media/reporting/doom and gloom. Gratitude.	1	.1	.1	91.4
Substances, meditation, mental escape, movies, small hangs.	1	.1	.1	91.5
Suck it up and deal	1	.1	.1	91.6
Support from family	1	.1	.1	91.7
Support from husband	1	.1	.1	91.8
Take care of yourself by eating regular meals, exercising, getting enough sleep and reducing all other stressors. Do something that puts you back in control of your life.	1	.1	.1	91.9
talk to someone	1	.1	.1	92.0
Talking to family	1	.1	.1	92.1
talking to family members, turning off the news, music, wine, exercise, making future plans	1	.1	.1	92.2
Talking to loved ones	1	.1	.1	92.3
talking to my doctor	1	.1	.1	92.4
talking to others	1	.1	.1	92.5
Talking with friends and family via phone or online. Journaling. Going for walks & enjoying nature. Getting vaccinated!	1	.1	.1	92.5
talking; being open and honest in my relationship	1	.1	.1	92.6
Tapping, time outside, cold water immersion	1	.1	.1	92.7
Technology to connect with others.	1	.1	.1	92.8
Telephone contact and public meeting attendance	1	.1	.1	92.9

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
TESTING IN HOMER, THANK YOU FOR ALL YOU DO	1	.1	.1	93.0
THC	1	.1	.1	93.1
The expectation of healthcare workers to step up. It wasn't the resiliency pizza.	1	.1	.1	93.2
the mental health center had people who visited me. I went on walks and stayed busy at home	1	.1	.1	93.3
The phone, concentrated effort to stay in contact with family friends and projects inspirational reading limit TV	1	.1	.1	93.4
Therapy and mental health meds	1	.1	.1	93.5
therapist	1	.1	.1	93.6
therapy	1	.1	.1	93.7
Therapy	2	.2	.2	93.9
THERAPY	2	.2	.2	94.1
THERAPY (thankfully SPH insurance covers my therapist). Lots of time outdoors. Stepping away from work.	1	.1	.1	94.2
Therapy, lots and lots of it!	1	.1	.1	94.3
Therapy, yoga, cooking, meditation, drinking	1	.1	.1	94.4
Therapy!	1	.1	.1	94.5
Time in nature, tapping, breathwork	1	.1	.1	94.6
Time outdoors	1	.1	.1	94.7
Tool repair; stuff to help others in need	1	.1	.1	94.8
Tried not to listen to all the fear porn from the mainstream media and cdc.	1	.1	.1	94.9

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
tried to be grateful for what we had and what we could do rather than resent what we did not have or could not do. avoided watching the news.	1	.1	.1	95.0
TRIED TO FIND JOY IN FAMILIES THINGS, TAKING WALKS	1	.1	.1	95.1
Try to find humor	1	.1	.1	95.2
TRY TO STAY PHYSICALLY ACTIVE AND GET OUTSIDE	1	.1	.1	95.3
tv, walking	1	.1	.1	95.4
Use support network, stay informed, follow thoughtful protocols.	1	.1	.1	95.5
Used my time for art/crafts/music Spent more time outside Video chatted with family members who live abroad more often	1	.1	.1	95.6
Using an online exercise program, reading, watching PBS	1	.1	.1	95.7
Using zoom to talk and communicate. Phone calls, looking out the window	1	.1	.1	95.8
VA	1	.1	.1	95.9
Vaccinations, including wearing a mask outside and keeping indoor air flowing inside your home	1	.1	.1	96.0
Vitamins, ivermectin, steamy showers	1	.1	.1	96.1
Walk on the beach, read books, art, music, movies, social media	1	.1	.1	96.2
Walk, call a friend/family member, workout, stand outside, play music, listen to music, take vacations, went to school to seek higher education	1	.1	.1	96.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
walking	1	.1	.1	96.4
walking on trails in nature-which allowed me also to visit with neighbors also out walking	1	.1	.1	96.5
Walking trails	1	.1	.1	96.6
WALKING WITH FRIENDS, CONNECTING ON INTERNET WITH FAMILY. MY DOG	1	.1	.1	96.7
Walking, skiing, and being in nature; working remotely; eating healthy foods; keeping routines; connecting with friends over Zoom and outdoors; supportive spouse.	1	.1	.1	96.8
walks, phone calls with family and friends, finding alternative ways to maintain social contacts	1	.1	.1	96.9
Walks. Snowshoe. Good food. Enhanced family time.	1	.1	.1	97.0
walks/drives	1	.1	.1	97.1
Wasn't that hard, really. Not much changed for me.	1	.1	.1	97.2
watched youtube, played xbox, projects around the house	1	.1	.1	97.3
We are a close family so we encouraged each other and reached out to other family and friends by phone	1	.1	.1	97.4
We called in community emergency support, provided us with supplies and medicine, and received a greeting from the health center.	1	.1	.1	97.5
We had a lot more family time being everything was closed. I didn't have to run my kids to sports/activities. Lots of camping.	1	.1	.1	97.5

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
We kept a close circle of friends.	1	.1	.1	97.6
We left to Mexico where restrictions were lifted and cost of living lower	1	.1	.1	97.7
We sought government assistance during COVID-19, asking for support in life, medicine and quarantine.	1	.1	.1	97.8
Wear a mask, do a good job of daily disinfection, reduce parties	1	.1	.1	97.9
Wearing a mask, following COVID guidelines, washing hands frequently, avoiding large public gatherings like church, indoor events, closed-in quarters with others like restaurants and nightclubs.	1	.1	.1	98.0
weed	1	.1	.1	98.1
Went out hiking a lot	1	.1	.1	98.2
Went to Providence in Anchorage	1	.1	.1	98.3
wore a mask, got vaccinated, avoided close contact with other people	1	.1	.1	98.4
Wore mask as required to protect others	1	.1	.1	98.5
work	1	.1	.1	98.6
Work was a blessing in many ways that others in the community did not always have - interaction with others, support from co-workers, no loss of income. I also maintained my connections to friends, family, and my church family even though it was through zoom for many months.	1	.1	.1	98.7
Worked and recreated outside	1	.1	.1	98.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Wove masks, got vaccinated, made do with zoom meetings; my husband died during pandemic but not due to covid.	1	.1	.1	98.9
writing, time in nature, phone calls with family/friends, meditation	1	.1	.1	99.0
Yes	1	.1	.1	99.1
Yoga Meditation Weekly bonfires with friends	1	.1	.1	99.2
Yoga and meditation	1	.1	.1	99.3
Yoga, mindfulness, having a core group of friends who I would see, gathering and other people outdoors	1	.1	.1	99.4
Yoga.	1	.1	.1	99.5
zoom meetings, walks outside, outdoor recreation	1	.1	.1	99.6
zoom, crafts	1	.1	.1	99.7
Zoom, face time, getting outside to walk and socialize	1	.1	.1	99.8
Zoom, Facebook, phone calls, exercising outside, finding projects at home to work on	1	.1	.1	99.9
Zoom, phone calls, keep informed.	1	.1	.1	100.0

2. Please rate the following:

	Excellent	Very Good	Good	Fair	Poor
The overall health of the community	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your personal health	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your quality of life	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3. What do you see as the top community issues or stressors facing our community?

SKP MAPP Intercept Survey

4. The following statements describe the eight dimensions of wellness. Please tell me which response best reflects how you feel:

	Never	Sometimes	Frequently	Always
I have a sense of purpose and meaning in my life	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have a sense of connection, belonging, safety and a reliable support system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have the ability to perform daily activities without undue fatigue or physical stress	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have opportunities to expand my knowledge and skills and to use my creative abilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I can cope effectively with life stresses, and my work and relationships are enriching	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My surroundings are adequate for me (from my home to the wider community or environment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have enough money for my basic needs, and I can adapt for unplanned expenses	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am connected to my own culture and traditions, and I see the diversity and richness of other cultures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5. If you responded never to any of the above statements, please tell us what it would take to make it better.

6. If the hospital and MAPP could set and achieve one goal over the next three years, moving toward a healthier community, what would it be?

8	getting our full PFD	8/24/2022 3:46 PM
9	lack of supplies, groceries and fuel cost	8/24/2022 3:43 PM
10	bears	8/24/2022 3:40 PM
11	reassuring covid cases	8/24/2022 3:36 PM
12	affordable housing and homelessness	8/24/2022 3:34 PM
13	some groups are totally missed. My granddaughter has no legs (and there are no services for her). I feel totally missed. There are not enough people who know or care about the people who are being missed. There is nothing that can help me with the situation that I have. I lost my house to vandals. They came into the house and destroyed it – but I have to live in it in the condition that it is in because I cannot sell it. I had to pay an attorney to fight the insurance company because the insurance company would not pay for the damage. And even with the attorney, the insurance company never did pay for the damage. There is no water; I have a heart condition and I have to go to the end of the property and get water from the well and bring it to the house. There are moose and bear where I live. The house is not insulated and there are bats in the attic. There is no one that will deal with that. I have called numerous people but no one will do it. I am totally alone; I make too much for this and not enough for that (to get help). I finally found someone who would fix my porch after several years.	8/23/2022 1:25 PM

1	concern about drug abuse and people not wanting to get better drain on system	8/15/2022 2:18 PM

REP TO READ: Hello, my name is _____ and I am part of the MAPP Steering Committee. We are here to gather information for a Community Health Needs Assessment. South Peninsula Hospital is a member of MAPP (Mobilizing for Action through Planning and Partnerships) and as a “non-profit hospital” is required by the Affordable Care Act to conduct a community health needs assessment every 3 years.

The results of this needs assessment will help to guide the hospital and MAPP in creating a healthier community. We are holding several community meetings and focus groups across the borough in order to hear about the opportunities and barriers that residents face in trying to access care and make healthy choices in their lives.

There are a few guidelines I would like to go over with you that we use in focus groups.

- One is that you speak up and only one person speaks at a time. This makes it clearer on the recording that we are making and easier for the person who transcribes the tape.
- The other thing is, please say exactly what you think. There IS no right or wrong answers in this. We’re just as interested in your concerns as well as your support for any of the ideas that are brought up, so feel free to express your true opinions, even if you disagree with an idea that is being discussed.
- We have a lot to get through over the next hour or so. I ask that you limit storytelling and please do not be offended if I cut you off or ask you if we can continue the conversation after the session.
- Your participation is totally anonymous. We don’t want to know anyone’s full names. What you say in this room will only be reported with everyone else’s views in a report – and will not be associated with you specifically.
- We ask that you please keep the confidentiality of what is shared in this room in this room.

Health of the Community

1. What does a healthy community look like?
2. Would you say the health of the community is better, worse, or the same as it was 3 years ago? Why do you say that?
3. What are the health related needs/issues facing your community?
4. What resources already exist in the community that are addressing these needs?
5. What barriers exist to accessing services? What do you think would help make these services more accessible?
6. What services are needed that are not available in the community?
7. What else needs to happen in your community to meet your definition of a healthy community?

Belonging

8. What are the things that make you feel a sense of purpose and meaning in life?
9. To what extent do these things exist in your local community?
10. How and where do you feel connected or like you really belong here in your local community?
11. What else might help someone feel like they belong in this community?
12. How can we make sure that all people have strong social connections and feel like they belong in this community?

Role

- 13. What role can South Peninsula Hospital do to help create a healthy community?
- 14. What role can MAPP of Southern Kenai Peninsula do to help create a healthy community?

Priorities

- 15. I am going to go around the room and ask each of you to tell me one priority need/issue you would like to see addressed. Please share the priority as well as the reason you feel it is a priority.

Thank you all for your time and valuable input into this planning process. If you have not already done so please take a few minutes to complete the brief survey at your table.

SHP MAPP
CHNA Stakeholder Interview Guide

Interview with:
Interviewed by/date:

Thank you for taking the time to talk with us to support the South Peninsula Hospital and MAPP (Mobilizing Action through Planning and Partnership) of Southern Kenai Peninsula Community Health Needs Assessment Process.

1. First of all, could you tell me a little bit about yourself and your background/ experience with community health related issues.

2. What, in your opinion, are the top 3 community health needs?	3. Why did you say [<i>insert each need they said in #2</i>] and what issues come to mind regarding that health need?
1.	
2.	
3.	
Others mentioned:	

SHP MAPP
CHNA Stakeholder Interview Guide

4. Check to see if the area they were selected to represent is one of the top priorities identified above. If not mentioned, say....

Our records indicate that you were selected to participate in these individual interviews because you have specific background/experience/ knowledge regarding the health of the community. What do you feel are the key issues related to this topic area?

5. **What activities/initiatives are currently underway in the community to address the needs within each of your topic areas?**

6. **What more, in your opinion, still needs to be done in order to address each of your community health topic areas mentioned above?**

7. **In your opinion, what role do you think the South Peninsula Hospital, Homer Public Health, your medical provider, or a local coalition should take in addressing these needs? And, how can any of these agencies work with other community organizations to address the needs you mentioned? Who do you think should take the lead?**

8. **As South Peninsula Hospital, Homer Public Health, your medical provider or local coalitions come together to begin to create goals and objectives for the implementation strategy action plan, working on issues and needs identified through the community health improvement process, if asked, would you be interested in participating in a collaborative to address the identified issues and needs?**

9. **What advice do you have for the project steering committee who is implementing this community health assessment process?**

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I found it hard to book appointments, or get certain services entirely. Healthcare workers were spread thin, giving priority to critical patients, having sickness or loss in their own lives, or due to personal voluntary behaviors to avoid vaccinations/ infection. It has become difficult to decipher "fake news" from reliable information, and unclear where to access transparent sources of information that are easily understood. When mistakes are made, such as at the pharmacy or hospital, that put patients at risk, or affect their quality of life, it seems like the pandemic has been some what of an excuse. This is a reoccurring problem with no accountability. Electronic/ paper record keeping issues. Not receiving full records and receiving other patients records. Incorrect Medicaid billing. If Medicaid denies a claim according to their own internal policies and requirements, the referring physician can dispute the denial with a peer-to-peer review. The AMA says peer-to-peer review should be available at any point following an adverse PA determination. Since the pandemic, I've had to face so many denials, and the referring physician almost never does a peer-to-peer review. I am also nervous to go to appointments because I don't want to get sick.	1	.1	.1	70.4

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
i lost my family	1	.1	.1	70.5
I missed many family celebrations and holidays together	1	.1	.1	70.6
I PREFER NOT TO COMMENT	1	.1	.1	70.7
I think the biggest challenge was the changes in socialization in the community. I attend church on a weekly basis but did not physically attend because many were not wearing masks. I did church online, but it just wasn't the same. So, lack of connection with people had the biggest impact on my family during COVID.	1	.1	.1	70.8
I used alcohol more than before COVID	1	.1	.1	70.9

Living in fear and not as much social interactions	1	.1	.1	77.9

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Living in Seldovia, access to competent, judgement-free medical care was nearly impossible. SVT, on the whole, does not believe that COVID is a real and dangerous illness, and so did not offer services that would have helped many in our community. Testing at the height of the pandemic was limited to patients; plus, you had to make an appointment to be seen by a provider to get a test. Appointments cost money. And people were being charged for both appointments and tests. Accessing tests outside of Seldovia was cost-prohibitive for most Seldovians-not to mention a public health risk when considering spreading illness. Lastly, because of the small population here, COVID data was suppressed, making it difficult to make informed choices regarding risk. COVID data stopped being reported altogether about a year ago.	1	.1	.1	78.0
LOCKED UP COULDNT LIVE. WAS BASICALLY UNDER HOUSE ARREST	1	.1	.1	78.1
Loneliness	2	.2	.2	78.3
Loneliness, not enough casual staff to cover. Political differences difficult to fathom, but definitely problematic for many.	1	.1	.1	78.4
Long Covid	1	.1	.1	78.5
Longer hours at work. Child home schooling	1	.1	.1	78.6

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
loss of business and ultimately selling our home/business to pay bills	1	.1	.1	78.7
Loss of community gatherings	1	.1	.1	78.8
Loss of work	1	.1	.1	78.9
LOSS OF WORK/INCOME, LESS ACCESS TO SUPPORT SYSTEMS	1	.1	.1	79.0
Lost a loved one to Covid, which caused emotional challenges.	1	.1	.1	79.1
Mainly isolation	1	.1	.1	79.2
Maintaining friendships	1	.1	.1	79.3
Managing physical and mental health during the pandemic due to being separated from loved ones	1	.1	.1	79.4
Managing stressful pandemic related jobs and differing opinions on COVID pandemic between family members.	1	.1	.1	79.5
Mandates seemed excessive, especially when we weren't permitted to visit a loved one living in Friendship Terrace. Also the travesty of not being with her when she died there alone.	1	.1	.1	79.6
Many would like to move on. My life, my choice, masks have disabled some thinking on some peoples parts	1	.1	.1	79.7
Mask mandates left to employees to enforce	1	.1	.1	79.8
medical	1	.1	.1	79.9
Medical expenses. Job using all saved PTO, so now can not visit home.	1	.1	.1	80.0

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Medical was the only challenge. I almost died because of lack of mental health care. I was prescribed drugs that said could be monitored any day, but they lied.	1	.1	.1	80.1
Mental & emotional stress, separation from extended family	1	.1	.1	80.2
Mental and emotional trauma. Experienced great fear and uncertainty. Lake of connection or stimulation. Lack of exercise and vitamin D and fresh air. Spiritual connection suffered	1	.1	.1	80.3
mental burn-out	1	.1	.1	80.4
Mental health	2	.2	.2	80.6
Mental health challenges	1	.1	.1	80.7
Mental health challenges largely stemming from science deniers worsening an already difficult public health situation through their unwillingness to take even basic prevention measures in order to reduce the morbidity and mortality experienced by our community.	1	.1	.1	80.8
Mental health due to Quarantine	1	.1	.1	80.9
mental health for the kids and family.	1	.1	.1	81.0
Mental health issues	1	.1	.1	81.1
Mental health issues associated with isolation and managing risk	1	.1	.1	81.2
Mental health issues with my children and family stress mask vs no masks	1	.1	.1	81.3
mental health obstacles	1	.1	.1	81.4
mental health support	1	.1	.1	81.5

What other challenges did you or your family face during the COVID-19 pandemic?

The contentiousness of attitudes regarding masking in particular.	1	.1	.1	96.2
The inconvenience of wearing facemasks	1	.1	.1	96.3
The isolation of not being with family and friends.	1	.1	.1	96.4
The lack of social life like everyone else.	1	.1	.1	96.5
The lack of willingness/need to return to work for local business	1	.1	.1	96.6
The mental health impacts of prolonged isolation.	1	.1	.1	96.7

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
The pandemic has upended the lives of families across the country. Parents and caregivers are working to protect their own health and well-being and that of their children. Many are doing so to juggle new or different job responsibilities, while millions of others are struggling to meet the large financial needs of their families after being laid off or having their hours reduced. For parents of school-age children, whether or how often their children can attend school is complicated.	1	.1	.1	96.8
There are so many challenges that we face during the pandemic, income issues, unemployment issues, children learning issues	1	.1	.1	96.9
There will be a bit of pressure on families' living expenses and sources during the COVID-19 period	1	.1	.1	97.0
This destroyed the social connection between people and communities in our country	1	.1	.1	97.1

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Time wasted on closures, jobs down the tubes, grocery shelves empty, people binge shopping, inaccurate information on COVID, the vaccine's being used to push a agenda of fear and unhealthy use of masks that obviously don't work, health issues because of wearing masks, the unnecessary push of vaccines for children and the treatment of people who became covid positive and if not vaccinated, treated like a sub-human, keeping their families from seeing them before they died. All because of a global agenda to make our health dictated by foreigners, making us one big global family and losing the freedom to decide for themselves what is good, or not, for their bodies. People being fired if they don't want the vaccine. That's just the beginning. Drug companies making tons of money on this and hospitals receiving \$\$\$ from the government to push the drug company's "new" drug and-pharmacies refusing to fill prescriptions of Ivermectin. To al the people who died or received those vaccines having adverse life changing effects on their bodies, I pray God provides some solace in knowing that this will be brought to the attention of someone or somebody far more powerful than the everyday, ordinary citizen.	1	.1	.1	97.2

What other challenges did you or your family face during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Too many businesses were shut down, and/or making requirements of public	1	.1	.1	97.3
Took on too many side gigs.	1	.1	.1	97.4
trapped in lower 48 with Covid	1	.1	.1	97.5
TRAVEL THROUGH CANADA, MILITARY MOVING	1	.1	.1	97.5
Traveling due to other countries being Covid-scared towards "unvaxxed".	1	.1	.1	97.6
unable to grieve losses with others who share the losses	1	.1	.1	97.7
Unable to travel.	1	.1	.1	97.8
Uncertainty	1	.1	.1	97.9

Getting appointments at the start of the pandemic was difficult unless it was an emergency	1	.1	.1	87.1
Had 2 unplanned surgeries and follow up appointments and care were challenging	1	.1	.1	87.2
had long covid	1	.1	.1	87.3
Had my knee replaced in Anchorage Jan. 8, 2020 Covid made it hard to travel to Anchorage for follow ups.	1	.1	.1	87.4

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
Had to find online/teledoc format to locate a physician who would prescribe HCQ and Ivermectin. Local physicians were banned from prescribing medicines that were proven to work. Once we got the prescription, the pharmacy had issues filling them as the govt commandeered to distribution or stopping distribution of life saving medicine. Adding to that was the outrageous cost.	1	.1	.1	87.5
Had to wait for care, couldn't be seen for services.	1	.1	.1	87.5
had trouble getting dr appointment	1	.1	.1	87.6
hard to access some care	1	.1	.1	87.7
Hard to get into places	1	.1	.1	87.8
Hate that our hospital boosted about making millions from Covid-19 shows what their main abjection was.	1	.1	.1	87.9
HAVE COPD CAN'T BREATHE WITH AMASK AND I COULD NOT GO PLACES	1	.1	.1	88.0
Haven't been to the dentist or gyno	1	.1	.1	88.1
Health care workers have been so busy since the COVID-19 pandemic that many community health care services have fallen behind.	1	.1	.1	88.2
Hearing difficulty with Zoom and teleconference calls	1	.1	.1	88.3
Hesitant to do anything unnecessary	1	.1	.1	88.4
High hospital census as a consequence causing delays in treatment.	1	.1	.1	88.5

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
Horrible medical care from a hospital that did not know me personally, infection went into my brain causing me to act suspicious, was then treated as a problem patient and was discharged without fixing the problem. Had I been allowed visitors my husband could have explained that something was very wrong because I'm usually not a weird oh.	1	.1	.1	88.6
Hospitals were stressed, nurses were stressed, it was an unfortunate time for health care.	1	.1	.1	88.7
Husband in cancer treatment	1	.1	.1	88.8
I covered for fellow employees that didn't vaccinate, then got sick and either died or lost a family member. Shifting responsibility at work to me, because I was well.	1	.1	.1	88.9
I did not seek medical care because of the overwhelmed medical system.	1	.1	.1	89.0
I don't have enough protective and disinfecting supplies.	1	.1	.1	89.1
I had a surgery that left me vulnerable and i ended up getting a covid a second time	1	.1	.1	89.2
I had major surgery and was alone due to restrictions	1	.1	.1	89.3
I HAVE A CONTINUING COUGH USING OTC DRUGS	1	.1	.1	89.4

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
I have had problems with chest pressure and shortness of breath since I got my Covid vaccines. Doctors chalk it up to being Costochondritis but I've never had that before getting vaccinated. The vaccine was required for me to keep my job.	1	.1	.1	89.5
I have loved ones who were vaccine injured and one friend who died from the vaccine	1	.1	.1	89.6
I still haven't made time to get a dental cleaning. I just put off preventative care because it was even more inconvenient than usual.	1	.1	.1	89.7
I strongly believe I had a sinus infection, and would not be treated to antibiotics for it because of having COVID	1	.1	.1	89.8
I suffered an injury just prior to the pandemic, and my physical therapy was cut short because of it.	1	.1	.1	89.9
I was able to have telemed appointments with several health care providers, but I avoided completing some medical tests which were ordered, because I didn't want to expose myself to possible Covid infection at the hospital or clinics.	1	.1	.1	90.0
I was denied covid treatment	1	.1	.1	90.1
I was having gynecological issues which caused me to become severely anemic; I needed surgery to resolve it but I had to wait due to lack of availability for "non-emergent" procedures	1	.1	.1	90.2

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
I was very ill, living by myself. Was told to go to ED multiples times by health care professionals but was afraid of the cost.	1	.1	.1	90.3
I was walking every day!	1	.1	.1	90.4
IT BECAME DIFFICULT TO SCEDULE REGULAR APPOINTMENTS WHEN THE HOSPITAL WAS OVERWHELMED WITH COVID PATIENTS	1	.1	.1	90.5
It was difficult to get a prescription for Paxlovid right away. I had to call clinic several time for them to agree to an appointment within 5 days of onset.	1	.1	.1	90.6
It wasn't worth going to see the doctor with all the mandates in place. I just put off all my medical needs and lived with the consequences. Thankful I had no dire emergencies.	1	.1	.1	90.7
It's still a pandemic!!!!!!! My phone number was given to a covid nurse from the drs office. She called me two days later and hung up in the middle of our conversation, I had no way to call her back	1	.1	.1	90.8
Just basic check ups and appointments were on hold.. unaddressed health issues I' m very much paying for now	1	.1	.1	90.9
lack of access to healthcare	1	.1	.1	91.0
Local clinic was resistant to mandates and prevailing evidence in support of them	1	.1	.1	91.1
Long lines for healthcare-long time	1	.1	.1	91.2

If yes, please explain:

Mental health.	1	.1	.1	92.5

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
<p>My autistic child has not had OT services since covid 19. My dad died in anchorage from covid, traveling to anchorage to support my mom made me stop going to my own medical appts like PT. Severe grief, sudden onset of anxiety and depression have been my state of expierence since. It's hard to meet my needs, it's harder to care for my families on going needs. My partner is what they call the long covid and contiunes to have more Healthcare needs. Now we have to travel to see specialists and Medicaid of course is a Hassle. I'm considering leaving Homer because of these types of issues. When we first moved here 5 years ago we were so impressed with medical options not being wait listed like anchorage. Now I am constantly frustrated with the lack of humanity in the systems Here. The food bank offers half rotten food to those of us already struggling, I watched a man get mistreated by a police officer this week at safeway. He communicated he had PTSD and needed his case manager and the officer disregarded his request and wrestled him to the ground with extreme unnecessary force. I went to see a casemanger at the center myself to get help applying for social security disability and she told me I seemed fine and should focus my application on my physical issues instead of mental health. These situations were all with in 2 weeks. Not to mention the ridiculous interactions we have had by going to the ER 5x the last month to try and get my partner diagnosed. Because she's still dealing with issues from covid. I am not the type of person whom sees the negative for</p>	1	.1	.1	92.6

If yes, please explain:

	Frequency	Percent	Valid Percent	Cumulative Percent
My child didn't want to wear a mask and anger. Husband did not seek physical therapy appointment because of mask policy. Both never got covid ever with no vaccine.	1	.1	.1	92.7
My husband broke his humerus in AZ. They would not do anything to help him in 4 months time but put a splint on it. We came back to Homer within 2 weeks he was in Anchorage having surgery , putting a pin in it and on the road to recovery.	1	.1	.1	92.8
My husband had surgery in Washington and the access and visitation was much harder to navigate	1	.1	.1	92.9
My husband not being allowed to be with me at doctor's appointments and surgeries.	1	.1	.1	93.0
MY MUCH-NEEDED SURGERY WHICH WAS TREATED AS NON-ESSENTIAL WAS POSTPONED BECAUSE OF COVID.	1	.1	.1	93.1
Needed health services but didn't want to go inside places during the pandemic	1	.1	.1	93.2
Needed to take a lot of extra precautions being pregnant during the pandemic. Routine doctors visits were stressful and the protocols didn't allow for my family to be present for support.	1	.1	.1	93.3
No access to women's wellness exam	1	.1	.1	93.4
Non	1	.1	.1	93.5

During the pandemic, my family and I minimized our outings and bought a lot of supplies.	1	.1	.1	58.3
eating and drinking	1	.1	.1	58.4
Eating and drinking too much.	1	.1	.1	58.5
eating healthy, doing weights, exercise helped 100% reading, walking, running, masking being smart and safe, avoiding crowds	1	.1	.1	58.6
Emotional support from those within my "bubble", access to online food/groceries ordering. As a retiree, I did not have the stress of worrying about employment/financial issues. I had easy access to outdoor activities and tv streaming!	1	.1	.1	58.7
ENJOYED A SLOWED DOWN SCHEDULE AND STAYING HOME	1	.1	.1	58.8
enjoyed being around people less	1	.1	.1	58.9
Enjoyed time off!	1	.1	.1	59.0
Entrepreneurial ideas, close small group of friends	1	.1	.1	59.1
Escape from people	1	.1	.1	59.2
Excercise	1	.1	.1	59.3
Exercise a lot outdoors	1	.1	.1	59.4
exercise and daily meditation apps	1	.1	.1	59.5
Exercise and herbs	1	.1	.1	59.6
exercise and rest	1	.1	.1	59.7
Exercise, games, sleep	1	.1	.1	59.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Exercise, gathering with community	1	.1	.1	59.9
exercise, learning new things, friend, small groups	1	.1	.1	60.0
Exercise, stopping negative thoughts, and controlling anxiety before it was out of control.	1	.1	.1	60.1
Exercise, time out in nature, time with close family, FaceTime with family	1	.1	.1	60.2
exercise, yoga, daily meditation	1	.1	.1	60.3
extreme personal responsibility	1	.1	.1	60.4
Face Time Zoom Someone doing grocery shopping	1	.1	.1	60.5
FaceTime, cooking and gardening	1	.1	.1	60.6
FaceTime, texts with friends, therapy, work, going outside	1	.1	.1	60.7
Faith	1	.1	.1	60.8
Faith in God and surrounded by family. We ignored the advice to quarantine.	1	.1	.1	60.9
Faith. Trust in The lord. HE IS Faithful & True Prayer. Church family providing for each other's needs.	1	.1	.1	61.0
family	1	.1	.1	61.1
Family	4	.4	.4	61.5
FAMILY	1	.1	.1	61.6
Family & Food	1	.1	.1	61.7
Family activities/ employment support/ connecting with family	1	.1	.1	61.8
Family and friends	1	.1	.1	61.9

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Family and friends, that's all you need. Quit pushing that everyone needs mental health thur the medical system	1	.1	.1	62.0
Family and great work place support.	1	.1	.1	62.1
Family and health care staff support.	1	.1	.1	62.2
Family connection. Spousal support.	1	.1	.1	62.3
Family including pets, friends	1	.1	.1	62.4
family members did our shopping; we took walks, avoided crowds of any kind; met outside or side by side cars for chats with friends and family	1	.1	.1	62.5
Family picked up food for us.	1	.1	.1	62.5
family support	1	.1	.1	62.6
Family time	1	.1	.1	62.7
family time, Worship, Prayer	1	.1	.1	62.8
Family, education	1	.1	.1	62.9
Family, friend, religious relationships & got busy (through volunteering with religious entities and through the hospital) - trying to actively make a difference in other community member's lives that were made more difficult than usual by this pandemic.	1	.1	.1	63.0
Family, friends, medication, therapy	1	.1	.1	63.1
Fished	1	.1	.1	63.2
fitness	1	.1	.1	63.3
Focus on family	1	.1	.1	63.4
FOCUSED ON HOUSE PROJECTS	1	.1	.1	63.5

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Food, cannabis, and video games	1	.1	.1	63.6
Food... lots and lots of food	1	.1	.1	63.7
Fortunate enough that I was able to keep my job and stick to semi-normal schedule and life	1	.1	.1	63.8
friends	2	.2	.2	64.0
Friends	1	.1	.1	64.1
Friends and Doctors, Family to reach out to for help	1	.1	.1	64.2
Friends and family	2	.2	.2	64.4
friends and family...making contact even though distanced lots of outdoor recreationyion	1	.1	.1	64.5
Friends, being of service, healthy food, cooking	1	.1	.1	64.6
friends, being outside	1	.1	.1	64.7
friends, exercise	1	.1	.1	64.8
friends, family games and programs	1	.1	.1	64.9
Friends/family/walking outside	1	.1	.1	65.0
Funny movies-staying connected via facebook	1	.1	.1	65.1
GARDEN	1	.1	.1	65.2
Get outside and walked.	1	.1	.1	65.3
getting out in nature daily	1	.1	.1	65.4
Getting outdoors and walking or cross country skiing	1	.1	.1	65.5
Getting outdoors for physical exercise everyday.	1	.1	.1	65.6
Getting outside	1	.1	.1	65.7
Getting outside was hands down the best thing I could do. I exercised or adventured with my family and that was actually a wonderful side effect of the pandemic.	1	.1	.1	65.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
getting outside, connecting virtually with long distance family and friends	1	.1	.1	65.9
Getting together with other like-minded people.	1	.1	.1	66.0
Go hiking / walking. Reach out to others by phone	1	.1	.1	66.1
GO ON WALKS, GET OUTSIDE	1	.1	.1	66.2
Going for walks and bike rides, enjoying my spouse, enjoying my family when possible, talking to distant family on the phone	1	.1	.1	66.3
Going on walks/getting outdoors	1	.1	.1	66.4
Got a dog, drew a lot, read, called and texted friends and relatives	1	.1	.1	66.5
got into new hobbies	1	.1	.1	66.6
got more exercise, read more	1	.1	.1	66.7
Got outside. Didn't dwell on illness	1	.1	.1	66.8
got vaccinated and took all precautions to stay well, both physically and mentally	1	.1	.1	66.9
Government aid, Medicaid, savings, benefits	1	.1	.1	67.0
GRANDKIDS	1	.1	.1	67.1
grant from Alaska housing, unemployment, therapy	1	.1	.1	67.2
Gratitude Social network	1	.1	.1	67.3
Grind	1	.1	.1	67.4
Hang in there	1	.1	.1	67.5
Have a wonderful support system of friends/family. Had a baby during the pandemic and felt cared for. Also, clung to my faith in Jesus.	1	.1	.1	67.5
hiking	1	.1	.1	67.6
Hobbies	1	.1	.1	67.7

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Hobbies at home	1	.1	.1	67.8
HOBBIES, CAMPING	1	.1	.1	67.9
Hobby crafting	1	.1	.1	68.0
Honestly, I drank too much, ate too much, and slept all the time. Normal/healthy coping skills that I typically use went out the window because I was so severely depressed that I did not have the energy or ability to engage in my typical routine.	1	.1	.1	68.1
Hope that it would end soon	1	.1	.1	68.2
I began running. Lost 70 lbs and began eating better. I chose healthy coping strategies	1	.1	.1	68.3
I continue as usual only when in public wore a mask and safe distance . Just didn't eat out at all but ordered brought home .	1	.1	.1	68.4
I did art	1	.1	.1	68.5
I did not need any	1	.1	.1	68.6
I dont have time for self care	1	.1	.1	68.7
i drank, so i didn't	1	.1	.1	68.8
I had a remote job and I worked long hours -- the job involved Covid support. I was able to save some money and that's how I'm getting by now.	1	.1	.1	68.9
I had a supportive relationship with my spouse. The extended family got together outside and masked when the weather permitted	1	.1	.1	69.0
I HAD ENOUGHSENSE TO KNOW ITS FAKE	1	.1	.1	69.1

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I have garden and dogs and goats and a close partner. Keeping in touch with family. Reading and crafting.	1	.1	.1	69.2
I just work... and look on the people that needed me, and told myself that this is just one of the challenges in life that I needed to face and go through	1	.1	.1	69.3
I kept living as normally as possible and avoided people who were freaking out such as those who wore masks outside or wouldn't leave their homes.	1	.1	.1	69.4
I leaned on my family and friends for support. Hateful things were being said about folks who were unvaccinated in our work environments which made it very uncomfortable to be at work. More than once I heard people say "Well good, they can just die then." It was hard to know my coworkers would say such things regardless of what another person was choosing for themselves. Life is about choices, period. We have way to many much hate and anger in this world. As an empathetic person, it was hard to hear things like that. It definitely made it a struggle to come to work because I do have coworkers who were both vaccinated and unvaccinated and would never wish ill will towards ANY of them.	1	.1	.1	69.5
I let go!	1	.1	.1	69.6
I prefer not to answer	1	.1	.1	69.7

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I prefer not to say but they probably weren't the healthiest was to cope	1	.1	.1	69.8
I relied more on my partner and a small circle of family/friends for social connection. We socialized outdoors, as long as the weather was warm enough. We talked on the phone or face timed more. We learned to zoom for classes, talks, and meetings. We made/used masks. I made homemade hand sanitizer, studied and made Covid specific herbal tinctures with a friend, and focused on healthy living.	1	.1	.1	69.9
I tried to keep myself busy at home.	1	.1	.1	70.0
I TURNED OFF THE TV AND TALK RADIO.	1	.1	.1	70.1
I used my cell phone to connect with loved ones. I didn't talk about things that led to debates	1	.1	.1	70.2
I used telehealth for mental health counseling for a several months.	1	.1	.1	70.3
I was walking every day!	1	.1	.1	70.4
I went out and helped people with covid 19	1	.1	.1	70.5
I went to work, and used door dash alot.	1	.1	.1	70.6
I worked and resilience through stupidity in my healthcare field and observed fear in people. Yes I witnessed death of people and human suffering and all types reactions	1	.1	.1	70.7
I worked.	1	.1	.1	70.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
I zoomed with a counselor and Church Family and my family	1	.1	.1	70.9
I'm in the Homer Chamber Visitor Cetner and we had a partnership with SPH. Including having the first drive through testing clinic if needed	1	.1	.1	71.0
I've never had it as bad as my grandparents and parents! Shame prevents me from harming myself	1	.1	.1	71.1
lbprofun	1	.1	.1	71.2
increased conversations by phone and video chatting	1	.1	.1	71.3
Increased outdoor exercise, walking with friends	1	.1	.1	71.4
increased working out, hiking/walking the dog, x country skiing with no one around; reliance on face-timing with distant family and friends; Resources: heavy reliance on sources to keep updated with what was new with pandemic (also one cause of burn-out)	1	.1	.1	71.5
Interacting with family and friends via Facetime/Skype/etc.	1	.1	.1	71.6
Internet and zoom	1	.1	.1	71.7
Internet entertainment, outdoor activities, cooking.	1	.1	.1	71.8
Internet, telephone, learning a language, reading.	1	.1	.1	71.9
It was lonely, still not fully socially engaged.	1	.1	.1	72.0
it was no big deal	1	.1	.1	72.1
Job yoga family movement nature	1	.1	.1	72.2
Just faith and family	1	.1	.1	72.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
JUST GO ALONG	1	.1	.1	72.4
Just kept trying to do my own thing on my own path	1	.1	.1	72.5
just live normal except with a mask on	1	.1	.1	72.5
Just stay busy-try to keep my house warm	1	.1	.1	72.6
Just trying to stay positive and show up to work every day to help my patients & make money to support my family. thank	1	.1	.1	72.7
KBBI radio, cooking, work	1	.1	.1	72.8
keep to myself, sleep and get a cat and dog	1	.1	.1	72.9
keeping busy	1	.1	.1	73.0
KEEPING HEALTHY, PRAYER, CHURCH, WORK	1	.1	.1	73.1
Keeping in touch with family	1	.1	.1	73.2
kept busy	2	.2	.2	73.4
Kept busy by baking and crafting	1	.1	.1	73.5
Leaned into my friend group and family members	1	.1	.1	73.6
Leaned on family and friends.	1	.1	.1	73.7
Learning about the Marxist colonization of cultural institutions and the abuse of children by the woke Marxists for subverting our nation with their hate-based intersectionalist oppressed vs oppressor dynamic	1	.1	.1	73.8
Learning to enjoy nature and solitude (more)	1	.1	.1	73.9
Limitation of social interaction.	1	.1	.1	74.0
Listening to music; talking with family and friends on the phone/social media.	1	.1	.1	74.1

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
LIVED LIFE FEARLESSLY	1	.1	.1	74.2
Lived rural and stayed home	1	.1	.1	74.3
Local Healthcare, work from home	1	.1	.1	74.4
Local medical facilities	1	.1	.1	74.5
Lots of outdoor exercise, meeting with friends outdoors	1	.1	.1	74.6
Lots of outdoor time and exercise	1	.1	.1	74.7
Lots of outside time, family games and food and drinks	1	.1	.1	74.8
LOts of phone calls and ZOOM calls.	1	.1	.1	74.9
Lots of phone calls with family and friends.	1	.1	.1	75.0
lots of sleep.	1	.1	.1	75.1
Lots of time outside working and connecting with nature and my body. Getting offline!!!!	1	.1	.1	75.2
Lots of video chats with friends and family far away.	1	.1	.1	75.3
Lots of walks on the beaches and trails, exercise. Talking to friends.	1	.1	.1	75.4
Lots of zoom	1	.1	.1	75.5
Many of the reserves have been hollowed out.	1	.1	.1	75.6
Mask wearing.	1	.1	.1	75.7
Masking, distancing, staying out of stores, getting vaccines and boosters.	1	.1	.1	75.8
masks, avoid large crowds, try hard to be safe	1	.1	.1	75.9
Medical Insurance	1	.1	.1	76.0
Meditation	1	.1	.1	76.1
Meditation making time for family creativity	1	.1	.1	76.2
Meditation, Family	1	.1	.1	76.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
MEDITATION, MY FAMILY	1	.1	.1	76.4
Meditation, walks, breathing, learning how to have better mental health	1	.1	.1	76.5
monthly therapy	1	.1	.1	76.6
More close family time	1	.1	.1	76.7
More time with friends and family, virtual meet ups, exercise	1	.1	.1	76.8
Much of the stockpile has been tapped since the COVID-19 pandemic.	3	.3	.3	77.1

partnership, building my home, starting a new job	1	.1	.1	83.7
personal relationships/outdoors + natural beauty	1	.1	.1	83.8
Phone calls with friends/ swimming	1	.1	.1	83.9
physical activity, family, outdoor time	1	.1	.1	84.0

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Physical activity, reading, drinking wine, talking w/friends, cooking, helping elderly community	1	.1	.1	84.1
Physical Isolation, nuclear family/close friend support system/social circle, vaccines, public health recommended prevention measures (mask/social distancing/etc).	1	.1	.1	84.2
Pleading with utilities and landlord to give more time to pay since every time there was a potential infection, my work made me take off several days with no pay. And I used the food bank a few times.	1	.1	.1	84.3
Positive Attitude	1	.1	.1	84.4
Practicing gratitude, getting outside, sifting perspective to be thankful for the time with family, finding other ways to connect with friends such as sending letters and drawings	1	.1	.1	84.5
Prayer	1	.1	.1	84.6
Prayer and serving my community.	1	.1	.1	84.7
Prayer for wisdom and trust in my own research and self care.	1	.1	.1	84.8
Prayer, zoom, NA, AA, Church	1	.1	.1	84.9
Praying for those who pushed this and praying for the people that died, especially the disabled and elderly, who lost their battle, but nice they went "productive" citizens, don't worry, it's no loss, well...except to their families.	1	.1	.1	85.0
projects	1	.1	.1	85.1

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Projects work for self as contraction, educate online	1	.1	.1	85.2
Rational thinking, in other words, I thought for myself, gathered my own information and consulted with people I trusted to come up with a plan for me and my family that we felt good and strongly about! The news sources were absolutely no help! So much conflicting information and so much fear paralyzed so many people. We continued to take vitamins, breathe fresh air and love each other! We did great!	1	.1	.1	85.3
Reached out to friends and families via internet and phone	1	.1	.1	85.4
Reaching out to people through letters, emails, and online communities, spending as much time as possible outside	1	.1	.1	85.5
read books, watched tv. exercised lots.	1	.1	.1	85.6
Read many books	1	.1	.1	85.7
read, walked, cooked learned something new	1	.1	.1	85.8
Reading, exercise, talking w/friends, long drives, camping	1	.1	.1	85.9
Reading, staying in touch with others, being outdoors	1	.1	.1	86.0
Reading, T.V., visiting friends/family on phone	1	.1	.1	86.1
RECREATIONAL ACTIVITIES	1	.1	.1	86.2
regular exercise, healthy diet, mindfulness activities, outdoor activities, texting friends/family	1	.1	.1	86.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
relationships with friends/family, outdoor recreation	1	.1	.1	86.4
Relied on family and work	1	.1	.1	86.5
reminding myself that it was only temporary	1	.1	.1	86.6
SAME AS ALWAYS	1	.1	.1	86.7
sdfger	1	.1	.1	86.8
SEEING FRIENDS IN MY CIRCLE AND SPENDING TIME OUTSIDE	1	.1	.1	86.9

spirituality, dogs, time outside	1	.1	.1	89.4
Started counseling and medication.	1	.1	.1	89.5
started exercising, tried to spend more time with family and less hours at work, started reading for pleasure more, stopped taking work home (no email on phone at home)	1	.1	.1	89.6
Stay busy and involved	1	.1	.1	89.7
STAY BUSY, TREATING COVID WITH SINUS IRRIGATIONS, HOT BATH	1	.1	.1	89.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Stay healthy, follow standard precautions, reduce travel, do projects at home	1	.1	.1	89.9
Stay home	1	.1	.1	90.0
Stay in virtual contact with loved ones through video chat, phone calls, text messages, social media, apps and email. Usually daily exercise and exercise keep the body active. Maintain a regular sleep pattern and stick to a routine that provides structure to your life. Practice stress management techniques such as mindfulness, meditation, yoga and controlled breathing.	1	.1	.1	90.1
STAY NORMAL AS POSSIBLE	1	.1	.1	90.2
Stay put, enjoyed peace, strengthen economy through rescue grants	1	.1	.1	90.3
stayed away from people	1	.1	.1	90.4
stayed home	1	.1	.1	90.5
Stayed in family circle and used masks	1	.1	.1	90.6
Staying active	1	.1	.1	90.7
staying connected with spouse. Connecting with extended family frequently. Participating in church routinely online.	1	.1	.1	90.8
Staying connected with work family and friends. Getting outdoors in the summer: fishing, camping, backpacking, etc.	1	.1	.1	90.9
staying home	1	.1	.1	91.0
Staying in touch with Friends and family, Small group hikes,	1	.1	.1	91.1
Staying in touch, art	1	.1	.1	91.2

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Staying strong as a family and enjoying life together !	1	.1	.1	91.3
Strong primary relationship and family relationships-FaceTime, phone calls. Lots of outdoor time. Breaks from the media/reporting/doom and gloom. Gratitude.	1	.1	.1	91.4
Substances, meditation, mental escape, movies, small hangs.	1	.1	.1	91.5
Suck it up and deal	1	.1	.1	91.6
Support from family	1	.1	.1	91.7
Support from husband	1	.1	.1	91.8
Take care of yourself by eating regular meals, exercising, getting enough sleep and reducing all other stressors. Do something that puts you back in control of your life.	1	.1	.1	91.9
talk to someone	1	.1	.1	92.0
Talking to family	1	.1	.1	92.1
talking to family members, turning off the news, music, wine, exercise, making future plans	1	.1	.1	92.2
Talking to loved ones	1	.1	.1	92.3
talking to my doctor	1	.1	.1	92.4
talking to others	1	.1	.1	92.5
Talking with friends and family via phone or online. Journaling. Going for walks & enjoying nature. Getting vaccinated!	1	.1	.1	92.5
talking; being open and honest in my relationship	1	.1	.1	92.6
Tapping, time outside, cold water immersion	1	.1	.1	92.7
Technology to connect with others.	1	.1	.1	92.8
Telephone contact and public meeting attendance	1	.1	.1	92.9

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
TESTING IN HOMER, THANK YOU FOR ALL YOU DO	1	.1	.1	93.0
THC	1	.1	.1	93.1
The expectation of healthcare workers to step up. It wasn't the resiliency pizza.	1	.1	.1	93.2
the mental health center had people who visited me. I went on walks and stayed busy at home	1	.1	.1	93.3
The phone, concentrated effort to stay in contact with family friends and projects inspirational reading limit TV	1	.1	.1	93.4
Therapy and mental health meds	1	.1	.1	93.5
therapist	1	.1	.1	93.6
therapy	1	.1	.1	93.7
Therapy	2	.2	.2	93.9
THERAPY	2	.2	.2	94.1
THERAPY (thankfully SPH insurance covers my therapist). Lots of time outdoors. Stepping away from work.	1	.1	.1	94.2
Therapy, lots and lots of it!	1	.1	.1	94.3
Therapy, yoga, cooking, meditation, drinking	1	.1	.1	94.4
Therapy!	1	.1	.1	94.5
Time in nature, tapping, breathwork	1	.1	.1	94.6
Time outdoors	1	.1	.1	94.7
Tool repair; stuff to help others in need	1	.1	.1	94.8
Tried not to listen to all the fear porn from the mainstream media and cdc.	1	.1	.1	94.9

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
tried to be grateful for what we had and what we could do rather than resent what we did not have or could not do. avoided watching the news.	1	.1	.1	95.0
TRIED TO FIND JOY IN FAMILIES THINGS, TAKING WALKS	1	.1	.1	95.1
Try to find humor	1	.1	.1	95.2
TRY TO STAY PHYSICALLY ACTIVE AND GET OUTSIDE	1	.1	.1	95.3
tv, walking	1	.1	.1	95.4
Use support network, stay informed, follow thoughtful protocols.	1	.1	.1	95.5
Used my time for art/crafts/music Spent more time outside Video chatted with family members who live abroad more often	1	.1	.1	95.6
Using an online exercise program, reading, watching PBS	1	.1	.1	95.7
Using zoom to talk and communicate. Phone calls, looking out the window	1	.1	.1	95.8
VA	1	.1	.1	95.9
Vaccinations, including wearing a mask outside and keeping indoor air flowing inside your home	1	.1	.1	96.0
Vitamins, ivermectin, steamy showers	1	.1	.1	96.1
Walk on the beach, read books, art, music, movies, social media	1	.1	.1	96.2
Walk, call a friend/family member, workout, stand outside, play music, listen to music, take vacations, went to school to seek higher education	1	.1	.1	96.3

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
walking	1	.1	.1	96.4
walking on trails in nature-which allowed me also to visit with neighbors also out walking	1	.1	.1	96.5
Walking trails	1	.1	.1	96.6
WALKING WITH FRIENDS, CONNECTING ON INTERNET WITH FAMILY. MY DOG	1	.1	.1	96.7
Walking, skiing, and being in nature; working remotely; eating healthy foods; keeping routines; connecting with friends over Zoom and outdoors; supportive spouse.	1	.1	.1	96.8
walks, phone calls with family and friends, finding alternative ways to maintain social contacts	1	.1	.1	96.9
Walks. Snowshoe. Good food. Enhanced family time.	1	.1	.1	97.0
walks/drives	1	.1	.1	97.1
Wasn't that hard, really. Not much changed for me.	1	.1	.1	97.2
watched youtube, played xbox, projects around the house	1	.1	.1	97.3
We are a close family so we encouraged each other and reached out to other family and friends by phone	1	.1	.1	97.4
We called in community emergency support, provided us with supplies and medicine, and received a greeting from the health center.	1	.1	.1	97.5
We had a lot more family time being everything was closed. I didn't have to run my kids to sports/activities. Lots of camping.	1	.1	.1	97.5

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
We kept a close circle of friends.	1	.1	.1	97.6
We left to Mexico where restrictions were lifted and cost of living lower	1	.1	.1	97.7
We sought government assistance during COVID-19, asking for support in life, medicine and quarantine.	1	.1	.1	97.8
Wear a mask, do a good job of daily disinfection, reduce parties	1	.1	.1	97.9
Wearing a mask, following COVID guidelines, washing hands frequently, avoiding large public gatherings like church, indoor events, closed-in quarters with others like restaurants and nightclubs.	1	.1	.1	98.0
weed	1	.1	.1	98.1
Went out hiking a lot	1	.1	.1	98.2
Went to Providence in Anchorage	1	.1	.1	98.3
wore a mask, got vaccinated, avoided close contact with other people	1	.1	.1	98.4
Wore mask as required to protect others	1	.1	.1	98.5
work	1	.1	.1	98.6
Work was a blessing in many ways that others in the community did not always have - interaction with others, support from co-workers, no loss of income. I also maintained my connections to friends, family, and my church family even though it was through zoom for many months.	1	.1	.1	98.7
Worked and recreated outside	1	.1	.1	98.8

What strategies/tools/resources did you use to cope during the COVID-19 pandemic?

	Frequency	Percent	Valid Percent	Cumulative Percent
Wove masks, got vaccinated, made do with zoom meetings; my husband died during pandemic but not due to covid.	1	.1	.1	98.9
writing, time in nature, phone calls with family/friends, meditation	1	.1	.1	99.0
Yes	1	.1	.1	99.1
Yoga Meditation Weekly bonfires with friends	1	.1	.1	99.2
Yoga and meditation	1	.1	.1	99.3
Yoga, mindfulness, having a core group of friends who I would see, gathering and other people outdoors	1	.1	.1	99.4
Yoga.	1	.1	.1	99.5
zoom meetings, walks outside, outdoor recreation	1	.1	.1	99.6
zoom, crafts	1	.1	.1	99.7
Zoom, face time, getting outside to walk and socialize	1	.1	.1	99.8
Zoom, Facebook, phone calls, exercising outside, finding projects at home to work on	1	.1	.1	99.9
Zoom, phone calls, keep informed.	1	.1	.1	100.0

Appendix C: Intercept Survey

SKP MAPP Intercept Survey

1. Please enter the following information:

Location Conducted
Intercept Survey At

Date Conducted

Name of Person Who
Conducted Intercept
Survey

Contact for Person
who Conducted
Intercept Survey

2. Please rate the following:

	Excellent	Very Good	Good	Fair	Poor
The overall health of the community	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your personal health	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Your quality of life	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3. What do you see as the top community issues or stressors facing our community?

SKP MAPP Intercept Survey

4. The following statements describe the eight dimensions of wellness. Please tell me which response best reflects how you feel:

	Never	Sometimes	Frequently	Always
I have a sense of purpose and meaning in my life	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have a sense of connection, belonging, safety and a reliable support system	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have the ability to perform daily activities without undue fatigue or physical stress	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have opportunities to expand my knowledge and skills and to use my creative abilities	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I can cope effectively with life stresses, and my work and relationships are enriching	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
My surroundings are adequate for me (from my home to the wider community or environment)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have enough money for my basic needs, and I can adapt for unplanned expenses	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am connected to my own culture and traditions, and I see the diversity and richness of other cultures	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5. If you responded never to any of the above statements, please tell us what it would take to make it better.

6. If the hospital and MAPP could set and achieve one goal over the next three years, moving toward a healthier community, what would it be?

SKP MAPP Intercept Survey

7. In what community do you live?

- | | | |
|----------------------------------------------|-------------------------------------|-----------------------------------|
| <input type="radio"/> Anchor Point | <input type="radio"/> Kachemak City | <input type="radio"/> Port Graham |
| <input type="radio"/> Diamond Ridge | <input type="radio"/> Kachemak Selo | <input type="radio"/> Razdolna |
| <input type="radio"/> Fox River | <input type="radio"/> Nanwalek | <input type="radio"/> Seldovia |

| <input type="checkbox"/> Asian | <input type="checkbox"/> Two or more races |
| <input type="checkbox"/> Hispanic | |
| <input type="checkbox"/> Other (please specify) | |

SKP MAPP Intercept Survey

12. How long have you lived in your community?

Less than 1 year

5 to less than 10 years

1 to less than 3 years

10 years or more

3 to less than 5 years

13. Do you live here year-round?

Yes No

14. If Yes, how many months do you live here?

15. If Yes, which season?

SKP MAPP Intercept Survey

16. Were you born in another country other than the United States?

Yes No

17. If Yes, please tell us your home country:

SKP MAPP Intercept Survey

18. What is the highest education level you have completed?

- | | | |
|--------------------------------------------------|-----------------------------------------|-------------------------------------------|
| <input type="radio"/> Less than high school | <input type="radio"/> Some college | <input type="radio"/> Master's degree |
| <input type="radio"/> High school or equivalency | <input type="radio"/> Associates degree | <input type="radio"/> Professional Degree |
| <input type="radio"/> Vocational training | <input type="radio"/> Bachelor's Degree | <input type="radio"/> Doctorate Degree |

19. How many people currently live in your household?

- | | | |
|-------------------------|-------------------------|--------------------------|
| <input type="radio"/> 1 | <input type="radio"/> 4 | <input type="radio"/> 7 |
| <input type="radio"/> 2 | <input type="radio"/> 5 | <input type="radio"/> 8+ |
| <input type="radio"/> 3 | <input type="radio"/> 6 | |

20. If child(ren) living in household, what ages? Please check all that apply.

- | | |
|--------------------------------|-------------------------------|
| <input type="checkbox"/> 0-5 | <input type="checkbox"/> 4-17 |
| <input type="checkbox"/> 6-9 | <input type="checkbox"/> 18+ |
| <input type="checkbox"/> 10-13 | |

SKP MAPP Intercept Survey

21. What is your approximate annual household income?

- Less than \$25,000 \$75,000-\$99,999
 \$25,000-\$49,999 \$100,000+
 \$50,000-\$74,999

22. Do you have health insurance? (of any type: private, public, military, Native, Medicaid or Medicare)

- Yes No

23. Have you ever served on active duty in the U.S. Armed Forces, Reserves or National Guard?

- Never served in the military Now on active duty
 Only on active duty for training in the Reserves of National Guard On active duty in the past, but not now (includes retired military and veterans)

24. Please enter any other input they provided that you did not already record.

8	getting our full PFD	8/24/2022 3:46 PM
9	lack of supplies, groceries and fuel cost	8/24/2022 3:43 PM
10	bears	8/24/2022 3:40 PM
11	reassuring covid cases	8/24/2022 3:36 PM
12	affordable housing and homelessness	8/24/2022 3:34 PM
13	some groups are totally missed. My granddaughter has no legs (and there are no services for her). I feel totally missed. There are not enough people who know or care about the people who are being missed. There is nothing that can help me with the situation that I have. I lost my house to vandals. They came into the house and destroyed it – but I have to live in it in the condition that it is in because I cannot sell it. I had to pay an attorney to fight the insurance company because the insurance company would not pay for the damage. And even with the attorney, the insurance company never did pay for the damage. There is no water; I have a heart condition and I have to go to the end of the property and get water from the well and bring it to the house. There are moose and bear where I live. The house is not insulated and there are bats in the attic. There is no one that will deal with that. I have called numerous people but no one will do it. I am totally alone; I make too much for this and not enough for that (to get help). I finally found someone who would fix my porch after several years.	8/23/2022 1:25 PM

Appendix E: Focus Group Guide

REP TO READ: Hello, my name is _____ and I am part of the MAPP Steering Committee. We are here to gather information for a Community Health Needs Assessment. South Peninsula Hospital is a member of MAPP (Mobilizing for Action through Planning and Partnerships) and as a “non-profit hospital” is required by the Affordable Care Act to conduct a community health needs assessment every 3 years.

The results of this needs assessment will help to guide the hospital and MAPP in creating a healthier community. We are holding several community meetings and focus groups across the borough in order to hear about the opportunities and barriers that residents face in trying to access care and make healthy choices in their lives.

There are a few guidelines I would like to go over with you that we use in focus groups.

- One is that you speak up and only one person speaks at a time. This makes it clearer on the recording that we are making and easier for the person who transcribes the tape.
- The other thing is, please say exactly what you think. There IS no right or wrong answers in this. We’re just as interested in your concerns as well as your support for any of the ideas that are brought up, so feel free to express your true opinions, even if you disagree with an idea that is being discussed.
- We have a lot to get through over the next hour or so. I ask that you limit storytelling and please do not be offended if I cut you off or ask you if we can continue the conversation after the session.
- Your participation is totally anonymous. We don’t want to know anyone’s full names. What you say in this room will only be reported with everyone else’s views in a report – and will not be associated with you specifically.
- We ask that you please keep the confidentiality of what is shared in this room in this room.

Health of the Community

1. What does a healthy community look like?
2. Would you say the health of the community is better, worse, or the same as it was 3 years ago?
Why do you say that?
3. What are the health related needs/issues facing your community?
4. What resources already exist in the community that are addressing these needs?
5. What barriers exist to accessing services? What do you think would help make these services more accessible?
6. What services are needed that are not available in the community?
7. What else needs to happen in your community to meet your definition of a healthy community?

Belonging

8. What are the things that make you feel a sense of purpose and meaning in life?
9. To what extent do these things exist in your local community?
10. How and where do you feel connected or like you really belong here in your local community?
11. What else might help someone feel like they belong in this community?
12. How can we make sure that all people have strong social connections and feel like they belong in this community?

Role

- 13. What role can South Peninsula Hospital do to help create a healthy community?
- 14. What role can MAPP of Southern Kenai Peninsula do to help create a healthy community?

Priorities

- 15. I am going to go around the room and ask each of you to tell me one priority need/issue you would like to see addressed. Please share the priority as well as the reason you feel it is a priority.

Thank you all for your time and valuable input into this planning process. If you have not already done so please take a few minutes to complete the brief survey at your table.

Appendix F: Stakeholder Interview Questions

SHP MAPP
CHNA Stakeholder Interview Guide

Interview with:
Interviewed by/date:

Thank you for taking the time to talk with us to support the South Peninsula Hospital and MAPP (Mobilizing Action through Planning and Partnership) of Southern Kenai Peninsula Community Health Needs Assessment Process.

1. First of all, could you tell me a little bit about yourself and your background/ experience with community health related issues.

2. What, in your opinion, are the top 3 community health needs?	3. Why did you say <i>[insert each need they said in #2]</i> and what issues come to mind regarding that health need?
1.	
2.	
3.	
Others mentioned:	

SHP MAPP
CHNA Stakeholder Interview Guide

4. Check to see if the area they were selected to represent is one of the top priorities identified above. If not mentioned, say....

Our records indicate that you were selected to participate in these individual interviews because you have specific background/experience/ knowledge regarding the health of the community. What do you feel are the key issues related to this topic area?

5. **What activities/initiatives are currently underway in the community to address the needs within each of your topic areas?**

6. **What more, in your opinion, still needs to be done in order to address each of your community health topic areas mentioned above?**

7. **In your opinion, what role do you think the South Peninsula Hospital, Homer Public Health, your medical provider, or a local coalition should take in addressing these needs? And, how can any of these agencies work with other community organizations to address the needs you mentioned? Who do you think should take the lead?**

8. **As South Peninsula Hospital, Homer Public Health, your medical provider or local coalitions come together to begin to create goals and objectives for the implementation strategy action plan, working on issues and needs identified through the community health improvement process, if asked, would you be interested in participating in a collaborative to address the identified issues and needs?**

9. **What advice do you have for the project steering committee who is implementing this community health assessment process?**
